

Ordinance 2016-01 Enacted March 16, 2016

Article III, Section 303, Definitions, the term Water Extraction/Bottling- is amended to remove the words “manufacturing light” and replace those words with the word “industry”, so that the definition of Water Extraction/Bottling shall now read; “any use which involves the pumping or removal of water from groundwater sources, with or without bottling for retail or wholesale sale. Considered industry for the purposes of regulation by this Ordinance.”
