**ROCKFORD MODEL T CLUB BOARD/GENERAL MEETING  
MINUTES, MAY 5, 2021**

President Wayne Henson welcomed everyone and called the meeting at Gene and Betty Clifton's home. Officers, Board and club members present included: Duane Bunton, Deb Werner, Bill Werner, Dave Lantz, Kurt Duesterhoeft, Craig Sheridan, Steve Kindell, Gene Clifton, Lynn Delpidio, Wayne Orrison, Tim Wanfalt, Bill Duffee, and Vito Zavagli.

Deb Werner read the minutes of the club's April 2021 meeting. Duane Bunton moved to approve, seconded by Steve Kindell; approved. Duane Bunton read the treasurer's report. Duane also noted he ordered checks and deposit slips. Vito Zavagli moved to approve, seconded by Craig Sheridan; approved.

Old Business: none at this time.

New Business: Dave Lantz suggested a donation be made at this time to Zion Lutheran Church, who owns Katie's Cup. Dave sited the organization puts on a nice community event once a month to bring a fun event to the area, for the good of the community. Discussion took place and decided we would further discuss a donation at next month's meeting, after the Little Hershey event. Steve Kindell said the Memorial Day Parade line-up is at 8:30 a.m., at 6th Street and 6th Avenue, Rockford.

Little Hershey: Dave Lantz said event set-up is Thursday, May 13 at 9:30 a.m. Dave also said 52 vendors have reserved their spots and Dave said he has deposited \$900 into the club's account. Wayne Orrison said the volunteer worker sign-up sheet is full but says help will be needed to take temperatures and run courier in the golf carts. There will be Model T rides offered and rides include a ride around the grandstand track. Model T's are needed for giving rides to spectators - Dave Lantz and Wayne Orrison offered their Model T's to provide rides to spectators - and also to be on display. 3-D Sound will be set up between the two buildings, and the Gomez Food Truck will set up by the food pavilion and will offer breakfast items. Dave said the 50/50 Raffle will be allowed.

Non-Club News: Craig Sheridan invited club members to his 70th birthday yard party on Saturday, June 5 starting at 12noon. Craig's address is 7020 Clikeman Road, Rockford.

Kurt said he went to Jefferson Swap Meet on Friday and said it was packed! Dave Lantz said he went on Jefferson Swap Meet on Saturday and said it was packed that day too!

**Club Members Projects:** Lynn Delpidio said he is working on his high speed issue. Kurt Duesterhoeft said he found a reverse gear wrench and passed it around for club members to see.

**Past Club Events:** The May 1 Cars & Coffee event had 12 club members (and 9 cars) that showed. There were a total of 255 cars and 500 spectators at the event. Bill Werner said he won a door prize and Steve Kindell said Cindy won a door prize.

**Future Club Events:** Sunday, June 6 - Sharon (Wisconsin) Days. Dean Wanfalt is hosting the club tour to Sharon. July 4 - 4th of July Parade club tour - meet at Baumann Park at 9:00 a.m., leave at 9:30 a.m., tour to Kirkland.

**Illnesses:** Vito said Ann Ferrell is hospitalized again, due to an infection issue. Gene Clifton said Betty says "thanks!" to the club for the flowers for her recent surgery and states she is doing very well.

**Next Club Meeting:** Wednesday, June 2 - Duane and Cathy Bunton's home in Roscoe.

Craig Sheridan made a motion to adjourn the meeting; Vito Zavagli seconded; approved.

Respectively submitted, Deb Werner, Secretary

## **ANN FERRELL**

It is always sad to report the passing of a club member. Ann Ferrell experienced several health challenges recently and passed away Sunday, May 9th. Ann and her husband Larry (deceased) had been members of the Model T Club since 1983 and she remained active until this last year. Ann was very active in the club, especially when her husband Larry was President of the Club in 1997 and she remained active and involved up until the later part of last year when her health and the Covid virus put a damper on activities everywhere. Ann was most often in recent times seen on tours and events in the company with her sister Vi and Veto Zavagli.

We will miss Ann and her sharp wit. We also wish to extend our thoughts and prayers to her sister Vi Zavagli and to all of the family.

Funeral services will be private and a memorial service will be announced in the future.

## **Car's and Coffee 5-1-21**

The Rockford Model T Club co-sponsored this month's event with the Rock Valley Mustang Club. Club members present with their cars were Steve & Cindy Kindell, Gene & Betty Clifton, Wayne Orrison, Dave Lantz, Aaron Crandall, Duane Bunton, Bill Werner, Kurt Duesterhoeft, Bill Duffy, Tim Wanfalt, and also present was Wayne Henson and Craig Sheridan.

The morning was rather cool and very windy. We set up a table and attached our Little Hershey Banner so that we could advertise and hand out Hagerty bags, Little Hershey plastic cups, and Little Hershey Flyers. Our club donated AutoZone gift certificates and club hats for door prizes.

The event opened to the public at 9:00 AM and ran until noon. There were 255 cars on display and hundreds and hundreds of spectators in attendance this month. It was a great show.

\*---- More Quotes for the Week ----\*

Adversity causes some men to break; others to break records.

--William Arthur Ward

Live forever or die in the attempt.

--Joseph Heller, Catch 22

Glory is fleeting, but obscurity is forever.

--Napoleon Bonaparte

All things must change to something new, to something strange.

—Henry Wadsworth Longfellow

**Today's Random Fact:**

Sandwich

John Montagu, Fourth Earl of Sandwich, was an important figure in the adventures of Captain Cook, who even named a group of islands after him. But in the United States, he will forever

be known as the person after whom a delicious snack was named. His favorite was salt beef between two slices of toasted bread. People started calling it "the Sandwich," and the rest is history.

#### Diesel engine

It took Rudolf Diesel 13 years to develop the slow-burning, compression ignition engine. At the time the steam engine was the major source of power for large industries. High-speed diesel engines hit the market in the 1920s. They were used in passenger cars starting in the 1930s.

#### Ferris Wheel

The Ferris Wheel was designed as the American competitor to the Eiffel Tower. George Washington Gale Ferris, Jr., was a young engineer whose company was given the task of coming up with something "daring and unique." This kind of amusement park wheel had been designed before, but not at this scale. Ferris's wheel was 250 feet in diameter and it carried 36 cars, each with a capacity of 60 people.

#### Jacuzzi

The Jacuzzi family emigrated from Italy to California in the early 1900s. They worked in the agriculture sector, improving aviation devices and water pumps. They invented the submersible pump, which was the first of its kind in the world. When a family member developed arthritis, the brothers created a portable hydrotherapy pump, which was the first type of Jacuzzi.

#### Nachos

Nachos are such a popular snack that the word is not even spelled with a capital N, even though it's the name, or rather the nickname rather, of a person. Ignacio "Nacho" Anaya served what was later called nachos for the very first time to American military wives at a restaurant in Mexico, close to Fort Duncan. He fried tortilla chips and put shredded cheddar cheese and sliced jalapeños on top. He warmed them up for a few minutes and voila!

#### \*-- Q and A Quickies --\*

Q: What do you call an American drawing?

A: Yankee doodle!

Q: How come there's no Knock Knock joke about America?

A: Because freedom rings!

Q: What kind of tea did the American colonists thirst for?

A: Liberty.

Q: What's the difference between a duck and George Washington?

A: One has a bill on their face and the other has their face on a bill.

Q: Where was the Declaration of Independence signed?

A: At the bottom.

**The Last Word:** The longer you stand in line, the greater the chance that you're in the wrong line.

## **RE of Today's Random Facts:**

### **Europium (Eu)**

Euro paper banknotes contain tiny amounts of this hard, silvery metal as an anti-counterfeiting measure. It is also used to produce a strong, rich red color in television and computer screens.

### **Scandium (Sc)**

In the 1970s, metallurgists found that aluminum-scandium alloys are strong and lightweight, making it useful in aerospace components. It wasn't long before sporting-equipment manufacturers started using the alloys in everything from baseball bats to lacrosse sticks.

### **Beryllium (Be)**

Beryllium is recognized as a carcinogen by the International Agency for Research on Cancer. In another form, however, beryllium is highly desirable, even priceless. When combined with trace amounts of chromium, beryllium takes on a beautiful green hue as the gemstone commonly known as the emerald.
