BACK TO SCHOOL

Local schools started back on July 29th – can you believe it! Please be alert for students of all ages walking to the bus in the morning. Please be aware that there are new bus stops this year that require more walking and new traffic patterns.

Sunrise is coming later by the week, so watch be especially careful of kids walking to the bus stop in the morning.

FIREWORKS

Just a reminder to clean up firework debris if you choose to set off fireworks for July 4th, New Year's Eve, or other occasions.

MIND YOUR DOGS

We've had a lot of reports of stray dogs this summer roaming

the streets. Most of them seem to be local dogs who are getting out of fenced yards. Please maintain fences and work with kids on keeping gates latched.

FOXES, COYOTES, and HAWKS

We've had a lot of people expressing concern lately about foxes in the neighborhood. We need to learn to live with wildlife. The foxes have been here for years and we're not aware of any issues. Foxes primarily prey on small rodents, like mice, and waterfowl. Foxes also eat plants. I suspect the improved fox population is related to the surplus of Canada Geese. Foxes are most often seen at dawn and dusk. Foxes can be seen throughout Greenwood. Be aware that we also have coyotes, hawks, owls, and even deer in the neighborhood.

PLANT SWAP

Did someone say FREE PLANTS? We are sponsoring a neighborhood plant swap on September 12 and 13. Trade perennial and other plants. Swap gardening tips. Get started with a garden, You don't have to bring something to take something.

How do you participate? Divide or dig up some extra plants. Put them on a table in your driveway like a garage sale on September 12 and 13. Print the plant swap sign at vallevistahoa.org or make your own sign. Wander around to get some plants and talk to your neighbors. People at the HOA meeting were planning to share things as interesting as daisies and Japanese maples.
