

INSTRUCTIONS

1. To register litters' only, fill out information on the reverse side (except for "Name of Kitten" and "Owner) and send the form with **\$10.00 U.S. dollars**, to the Registrar. You will then receive a Litter Certificate plus a "Pink Slip" - one for each kitten in the litter - filled out with sire, dam, birthdate, and breeder. There is also a place on the pink slip for filling in 'spay' or 'neuter' if the kitten is sold NOT FOR BREEDING. This pink slip then serves as a registration form, and is turned over to the new owner of the kitten.
2. To register the litter and also individually register one or all the kittens at the same time, fill out all information on the reverse side. Including "Name of Kitten" and "Owner". Send this form with **\$10.00 U.S. dollars**, plus **\$10.00 U.S. dollars** for each kitten that you are registering. You will then receive your litter certificate, plus individual certificate(s) for each kitten registered.
- *3. If the sire and/or dam have ACA registration numbers, then you do not need to fill out any of their ancestors.

If the sire and/or dam do **NOT** have ACA registration numbers, then you **must** fill out all of the information for their ancestors as to names, colors, and other association registration numbers.
4. Kittens' name must be limited to thirty-five (**35**) letters or characters, including cattery name(s).
