

Virginia Association of Community-Based Providers 2018-2019 ANNUAL SPONSORSHIP OPPORTUNITIES AND BENEFITS

The Virginia Association of Community-Based Providers (VACBP) is a non-profit association comprised of private-sector providers of behavioral health and substance abuse treatment services at more than 165 locations throughout Virginia.

Our mission is to improve the lives of individuals and families, and the quality of life in local communities through the provision of efficient and effective private provider community-based behavioral health and substance abuse services. We accomplish our mission by providing services and resources that maximize the quality and efficiency of our members, and by advocating for public policies that reward efficient and effective community-based behavioral health services.

The following sponsorship opportunities provide unparalleled year-long visibility among providers of behavioral health services and other mental health advocates and decision makers across Virginia. This includes recognition at the VACBP's fall conference in Roanoke, winter meeting and lobby day during the legislative session in Richmond, and spring conference in Hampton Roads. Additional details on specific sponsorship benefits are provided below.
