

Classes will start Thursday, Sept. 10h, 2015

Registrations will be accepted on a "first come, first served" basis. Registrations will not be valid unless the registration fee is included (\$25.00 per family). Save \$10.00 from your September tuition when you include September tuition with your registration by August 15th. * If you do not get in to the class you sign up for you will be notified immediately to select another class or be put on the waiting list. **You will not be notified if you get into the class you registered for.** It is a good idea to write down a second choice when registering for classes.

- * **Classes may be canceled if less than 7 students are registered.**
- **Level Placement:** We always recommend to place students in a lower level first. It is a more positive experience for the students to move up then to be moved down. If you are not sure what level of class is appropriate please ask your students instructor or make an appointment to have your students level evaluated.

How to Register:

We prefer to not offer online registration. We enjoy getting to meet our students in person. So if you can visit us and register in person that would be great! However if your schedule doesn't work to visit us during our business hours and you would like to send in your registration via mail, please send registrations to the address below.

To register please complete the registration form included and sign the policy and procedure/ waiver form. Remember to write down a second choice. Completed waiver forms and registrations with registration fee can be hand delivered or sent to:

Dancemakers Northwest

20860 Hwy. 410 E.

Bonney Lake, WA 98391

Come Join The Fun!

Welcome To Dancemakers Northwest

Dancemakers Northwest has been educating students ages 3-adult in a variety of dance styles since 1999. Dancemakers is a recreational dance school where students receive a high quality dance education in a non competitive, yet disciplined and fun atmosphere. Students who participate in our classes build confidence, improve coordination, increase their knowledge of dance technique and have fun. Many students at Dancemakers use their dance education to enhance additional activities they participate in such as cheer, ice skating, gymnastics, theater and sports. At the end of every year Dancemakers will present a **recital** where all students will have the opportunity to perform a routine they learned in class. The recital experience is very rewarding for all. Recitals are usually held in June at the Sumner Performing Arts Center.

Our Dancemakers staff members have an amazing amount of passion and energy towards the art of dance.

Dancemakers also has a performing group program for those students who are dedicated dancers and are willing to make an extra commitment by representing Dancemakers at various community events. Students who would like to be a part of the performing group are required to audition. Our facility has two dance floors and a family friendly viewing area where students can be viewed by family members while classes are in progress. We invite anyone who is interested in joining the Dancemakers family to stop by the studio and view a class or better yet try one. We look forward to sharing our love for dance with your family!
