Location: Duxbury, MA

These informal settings are a great introduction to working with Dawn Eagle Woman or an opportunity to renew your connection. They offer a flexible format where a group of 8 or more will meet in someone's home, providing a warm atmosphere to explore themes as they come up in the group and ask whatever questions you have. Sitting in Circle in this way and being gently guided by Dawn can open you to new dimensions of thinking, feeling and being. Each gathering is different yet every time feels like a complete teaching, healing and blessing. If you would like to have a gathering at your home with a minimum of 6 friends, contact Dawn.

Wisdom Circle Workshop

Sunday October 14th
10 am to 5 pm | \$ 125
Location: Duxbury MA

In these accelerated times, Dawn has been guided to work within the sacred space of the circle, where we can each experience the collective energy of the group, share our hearts, listen intently, clear and raise our vibrations, practice compassion, and experience the value of this form of nourishment. It is within The Circle that we learn how to sustain ourselves in time of tremendous change.
