

THE ELEMENTS ARE AGAINST YOU

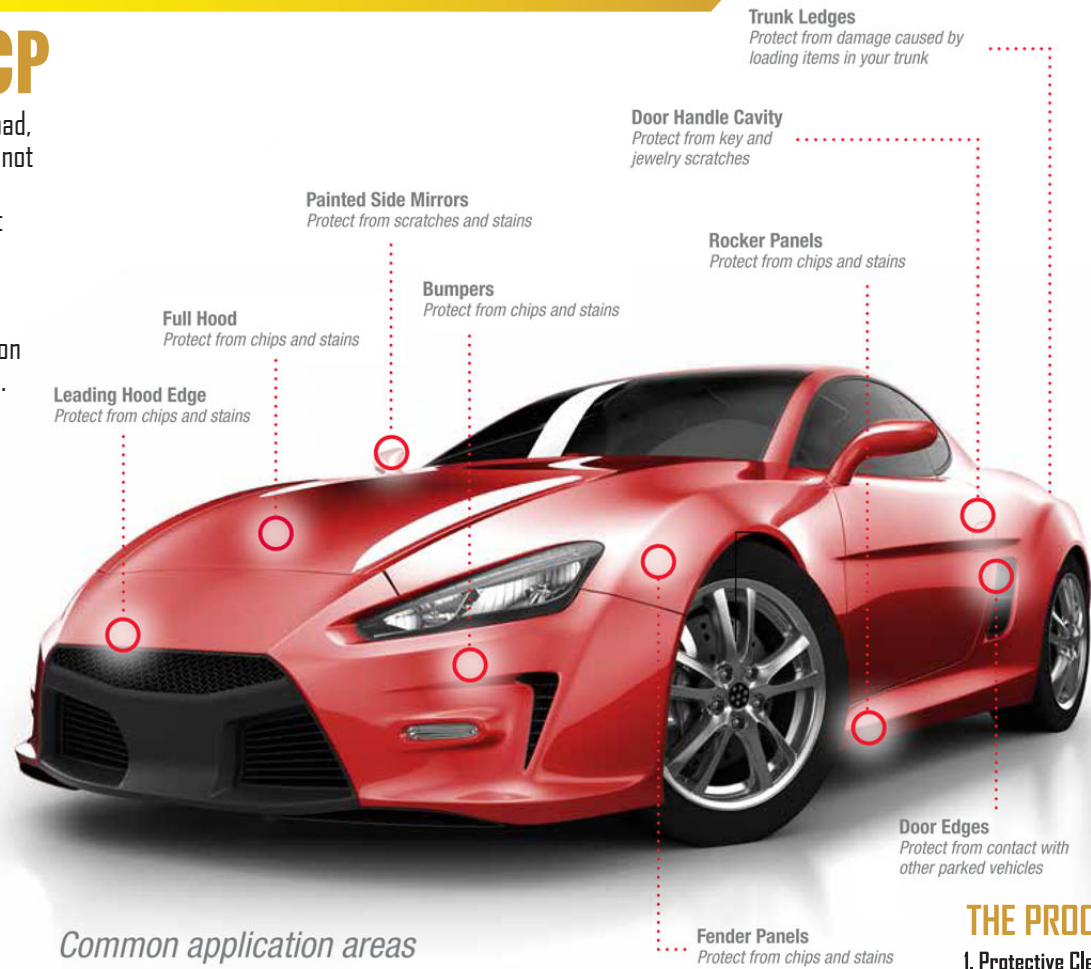

PROTECT YOUR INVESTMENT. PROSHIELD by ACP is a clear urethane film that has been specifically developed to cover the vulnerable, high impact painted surfaces of your vehicle that are subjected to damaging road debris. The leading edge painted surfaces of your vehicle become virtually invincible to the elements.

AN INVISIBLE CUSTOM SHIELD

PROSHIELD by ACP

Your vehicle's finish is put to the test by the road, parking garage, weather, & everyday use. Why not keep it looking great as long as you can?

ACP PROSHIELD is simply the ultimate in paint protection. An exceptionally tough, ultra-clear urethane film, this advanced paint protection technology blends in almost invisibly with your vehicle's finish. Yet it offers unrivaled protection from almost anything the world can throw at it.

Common application areas

Clearly Superior Protection.

It's peace of mind for paint. Anywhere your vehicle is exposed to damaging elements - that's the ideal place to install ACP PROSHIELD.

- Installed using 3M patterns customized to your vehicle for a perfect fit
- Industry leading scratch & stain resistance along with exceptional clarity
- Self healing technology helps keep your film looking newer longer.

Virtually nothing can protect your vehicle better from scratches, stains & chips than ACP PROSHIELD. It's truly the ultimate protection for paint.

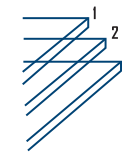

BUILDING BLOCKS

PROSHIELD paint protection kits are designed with premium-grade thermoplastic urethane films known for their conformability, long-term durability, and resistance to weathering. Our films use pressure-sensitive adhesive that bonds well to your vehicle's painted surface, but allows it to be removed, if desired, without damage.

THE PROCESS

1. Protective Clear Coat
2. Thermoplastic Urethane
3. Acrylic Adhesive

PROSHIELD paint protection films are transparent & nearly invisible. Under certain light conditions you may find a barely perceptible fine line along the hood where the protection begins. This is only indication that PROSHIELD is protecting your vehicle. Each vehicle has unique digitized model-specific film patterns to provide optimum protection for your car, truck, or sport utility vehicle.

- Easy to maintain
- Available up to 60" wide
- Installed by trained professionals
- Covered by a 5 year warranty
