

South Shore Peer Recovery began in the fall of 2014 with a group of volunteers who recognized the need to do more to help people suffering from substance use disorder and their families. We are a group of concerned citizens from across the South Shore that formed a new kind of community organization, one that is focused on the other side of addiction: *RECOVERY*.

Our mission is grounded in the belief that although recovery may be initiated in treatment, it happens in the community. We can do more to educate the community, support families and those who are struggling. Furthermore, those with lived experience – “peers” – are ideally suited to help others who seek long-term recovery. Our work is led by a Board of Directors and many other volunteers in recovery, family members, friends and allies from Cohasset, Hingham, Hull, Marshfield, Norwell, Pembroke, Scituate and beyond. All are welcome.

We offer support groups, free acupuncture, educational workshops, help with treatment resources, and more!

Please consider getting involved. Stop by the new office, or **attend a Community Meeting on August 2nd** to learn more! (Monthly informational meetings are held at the W.P.A. Building, 7 Henry Turner Bailey Road in North Scituate from 7:00-8:30pm on the first Tuesday of the month.)

Our Mission Statement

“South Shore Peer Recovery organizes people in recovery from all addictions, their family members, friends and allies, to put a positive face on recovery. SSPR provides peer support, education, and advocacy opportunities; working to remove barriers to recovery; treating all with dignity and respect regardless of the pathway to recovery.”

South Shore Peer Recovery, Inc. is a 501c3 Organization

How can we help you with your recovery today?
