PLAYBALL (Thursday & Friday)

In Playball, children learn the basis for such sports as **baseball, basketball, hockey, tennis, soccer and more**. We use the medium of sports to not only improve fine and gross motor development, concentration and balance but also to teach basic life skills such as persistence, cooperation, self worth, and countless other attributes. We use a loving, highly creative medium to teach necessary skills, educate and play imaginative games.

For over 20 years Playball has been evolving and developing to better the needs of children. Today it is taught in numerous countries throughout the world. It's a unique concept designed and continually updated by occupational therapists, psychologists and sports experts.

Playball is offered to Day School students in the 3-year-old classes and older on either Thursdays or Fridays. Classes take place from 1-1:30 or 1:30-2 (depending on the child's age/class) and the cost is \$10/class plus registration fee.

We build our program around themes including respect, responsibility, integrity, sportsmanship and citizenship. Children walk away with a knowledge of the game as well as values which they can integrate into their daily lives. Golf is offered at The Day School on Wednesdays for all Pre-K classes (Peanut Gang, Superstars and Zoo Crew).
