

DINNER PROGRAM

Step By Step
Supportive Services

The dinner program is one of the most important socialization components of the SBS overall program. It gives individuals the opportunity to host weekly dinners for up to four peers in their apartment, enabling them to gain culinary and kitchen safety skills, while at the same time helping to foster a sense of community. Staff members provide assistance to clients with menu planning grocery shopping, storing and rotating food, and food preparation and cooking. Staff also coach clients about such topics as setting the table and help encourage dinner table conversation with other clients.
