Quality Protection for Your Pets - This Winter and Beyond!

If you've been outside lately, it's probably not news to you that January is one of the chilliest months of the year. While you're bundling up to face the elements, don't forget to protect your four-legged companions from the cold as well.

The NYSUT Member Benefits Corporation-endorsed **Pet Insurance program from Nationwide** offers a variety of coverage options to ensure that your pets have access to the best medical care and preventive coverage available.

Frostbite Facts:

Both dogs and cats can get frostbite – even with their fur coats. The tips of the ears, the tail and the feet are most commonly affected. Look for areas that are hard, cold to the touch and may be pale or gray.

Frostbite First Aid:

Apply warm compresses or soak the affected area in warm water (104°F to 108°F). NEVER use hot water or direct dry heat such as heating pads or hair dryers as these can cause further injury to your pet. Contact your veterinarian right away if your pet shows signs of frostbite.

Protect Your Pet:

The average cost to treat frostbite is \$467,* but Nationwide® pet insurance covers accidental injuries like this and many more. **Get a no-obligation quote today by [clicking here](#) or calling toll-free 866-838-3461 to learn more.**
