

Lake County Fair August 10-13, 2023

The Lake County Fair has been providing the residents of Lake County and the surrounding areas with Agricultural Education and Entertainment for over 100 years. We provide the opportunity for anyone and everyone to showcase their livestock, home arts, farming techniques and products to others, as well as the chance to participate in games of skill or just for fun. As the fair changes with every year that passes, we try to hold true to the basics that were set forth many years ago. During the past 116 years, there have been only two years that a Lake County Fair wasn't held. We are hoping that you will help us continue the tradition of the Lake County Fair. The Lake County Agricultural Society which cares for and manages the Lake County Fairgrounds and produces the Lake County Fair is a 501©3 non-profit organization. This means we have the ability to continue providing Agricultural, Cultural and Art Education opportunities to the residents of Lake County with the assistance of donations and grants. This also means that your prize, material or monetary donation is tax deductible. We would love to have you to be a part of our fair! Thank You!
