# SPRING 2019: INTERNATIONAL INK

Introducing 'International Ink' transforming transportable skin art into transportable sock art.

Our design team has long been fascinated with the history and diversity of tattoos, and their potential to tell stories, shape identities and express creativity. We let tradition and playfulness intermingle in 13 new styles, which bring global influence from east to west and across centuries of time.

Renditions of ancient body art are faithfully recreated, with our own takes on modern motifs thrown in for good measure. Styles like Walk Like an Egyptian and Samoan Seas become attractive accessories with their elegant geometry, while Tropical Tease and Miss Fortune will let you blend right in with your local biker gang.

Wear these styles long enough and you're bound to want to just tattoo them right to your feet!
