

## Weekly Service

### **Includes:**

- Emptying poolside and pump baskets
- Testing and adjusting water chemistry
- Brushing and Vacuuming as needed
- Skimming all leaves and debris from surface, removing debris from pools bottom
- Emptying automatic cleaning bag (if applicable)
- Backwashing of Sand/DE filter as needed
- ★ Rain Service – we will provide the best, most adequate service possible in conditions that exist at that time. Typically the next scheduled visit will require additional time & chemicals beyond that of regular service; therefore the regular rate will be charged for each trip.

### **Excludes:**

Cleaning of the water line tile, deck, and adding water to the pool are NOT included in service. It does not include chemicals such as phosphate remover, salt, and other specialty chemicals that aren't used on a routine basis.

### **Requirements:**

The pool will be scheduled with a set day of the week. Any request for a specific day will be taken into consideration, **but we reserve the right to change this day in order to keep our routes consolidated**. We require the pool to be accessible on your scheduled day. Keys, gate codes, openers, etc., may be provided. We must be informed if the pool will not be accessible on your regular day; without notification a \$10.00 trip charge will be incurred. Service will be temporarily suspended for past due accounts (A one-time cleaning fee may be required once service resumes). If a trip is missed you will receive a credit applied to your account for that week at your weekly rate plus tax.

**Cancellations:** A ten day notice is requested. We reserve the right to cancel service at any time.
