This facility has several electric hookups available, first come basis. A few stalls are available for horses. All others must tie to trailer, or bring portable pens, as tying to trees is not permitted. All dogs must be on a leash. No open fires, although pits are available if there is no burn ban at the time.

Riders will go out as a group on easier trails. Anyone wishing to do more challenging trails may do so at their own risk. Some roads for wagons. Shoes or boots are recommended for horses, as this is a rocky area.

Members are to check in at the ranger station **before** coming to camp. TPW fees of \$6 a day for those 13 and over will be paid to rangers, and Coggins shown at that time. Our facility is called "Chapa House" and you will let rangers know you are part of our group. Hookups are \$25 per night, paid to STTR. This is a free ride to current members, \$10 for non-member adults. Our campsite has a toilet, and water for horses.

Come join our relaxed weekend, no set schedule. Just enjoy good company and friends. Bring your dominos, board games, washers or horseshoe games. Bring lawn chairs and drinks.
