

Sewing Instructions for Fleece Blankets

- 1) Lay RIGHT sides together
- 2) Trim all 4 sides to match up and remove salvage edges
- 3) Clip all sides to secure while sewing
- 4) Measure 2 1/4" Horizontal & vertical - sew all 4 sides at that width leaving small opening on one side to pull the fabric through
- 5) Cut each corner diagonally to remove excess bulk (**careful not to cut the corner stitches**)
- 6) Pull material through opening
- 7) Square the corners from inside with finger to form a nice pointed edge
- 8) Sew small opening closed @ 1/4" or less
- 9) Align material 2" horizontal & vertical and sew around entire blanket to form a nice finished border
