Author/Artist	Year	Nu of Books	Difficulty	Subject	Notes
Lucas, Dorothy	2015	1	Φ Φ	Prayer for Healing	Stephenville, Texas

## ABOUT THE AUTHOR

*I had dime sized holes in all of my bones. Confirming this was Scott and White Hospital in Temple Texas. The cause was from drinking sodas. The carbonation bubbled the calcium out of the bones. When I started praying, who would God send me to, or who would he send to me? I research scientist from Utah came to Longview Texas. I sent my money for the seminar. Each time he came back I attended more seminars. He taught me a lot about health. I love to learn. I was buying a lot of products to help other people in their health. After 25 years of buying for others, I got very needy because we were retiring and I did not have the money I once did. Therefore, I prayed and asked the Holy Spirit to teach me how to pray problems out of people. Prayers began and they worked! Not everyone is receptive to prayer. My own husband said he did not believe in my work. In the end, he would call me to his bed and ask me to pray for him. 35 years I worked with others praying with them. I remember a lady who thought she had MS. At 2:30AM the Holy Spirit gave me the answer, "It is spleen leukemia".*

*Prayer works, Folks, If you believe in Jesus.*

*You have to know how to pray. Therefore, Jesus put a scientific with my prayers. Healing comes from heaven above through Christ, Dorothy, Lucas.*

## A Sneak Preview

### High Cholesterol

- Too much peanut butter; Fiber causes high cholesterol
- Too many peanuts; fiber causes high cholesterol not the oil
- Too many sweets lead to gout
- Too much uric acid in blood system ---take vinegar baths of 4 cup of vinegar in bath of 5% acidity vinegar.
- Too much LDL bad cholesterol = heart problems Here is where the hard plaque and soft plaque form in the blood vessels and arteries. Have you tried Zinc?

*Holy Spirit I worship and praise you. I am concerned with the bad cholesterol in my blood. I praise you for my body glorifying you.*

- Atherosclerosis, CAUSED BY HYPOTHYROIDISM resulting in elevated cholesterol levels.

*Holy Spirit; I praise you and worship you. I am concerned with the high cholesterol, hard plaque, soft plaque in my blood vessels and veins, capillaries. Thank you so much for cleaning them for me.*

Freedom from ailments through prayer and diet change.
