<p>Notice:</p> <p>Approval of this application does not give permission to begin construction on new structures or modification of existing structures. A building permit must be obtained before any excavation, construction or demolition can begin on any property. If required by the Floodplain administrator, an Elevation Certificate issued, signed, and sealed by a registered and licensed land surveyor, engineer, or architect must be submitted before a permit is issued.</p> <p>This permit becomes null and void if work or construction authorized is not commenced within 6 months, or if construction or work is suspended or discontinued for a period of one year at any time after work is commenced.</p>		

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
