In regards to any plans and specifications approved by the Architectural Committee, neither the Homeowner's Association, Architectural Committee, nor any member of the Board of Directors or Architectural Committee shall be responsible or liable in anyway for any defects in any plans or specifications, nor any structural defects in any work done according to such plans and specifications nor for the failure of the plans and specifications to comply with any law. Further, neither the Homeowner's Association, Architectural Committee, nor any member of the Board of Directors or Architectural Committee shall be liable in damages to anyone by reason of mistake in judgement, negligence, misfeasance, malfeasance or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications or the exercise of any other power or right of the Architectural Committee provided for in this declaration. Every person who submits plans or specifications to any Architectural Committee for approval agrees, by submission of such plans and specifications, and every owner of any lot agrees, that he will not bring any action or suit against the Homeowner's Association, Architectural Committee, or Architectural Committee member to recover for any such damage.
