

# The Follies

*February 11th - 16th*

This year's Follies, hosted by Bob & Bev Chapman centers around the theme of a week-long murder mystery event. Someone is going to get killed and it's your job to determine "who done it?" The entire week will run together somewhat seamlessly and if you hope to be able to solve the crime, you must be there for each of the planned events. There's no obligation to partake of every meal, however, just being there when clues are revealed will make it a whole lot easier to solve the mysteries and perhaps, collect some of the great prizes being given away.

The victim and suspects will all be there when the murder takes place on Monday evening (February 11th) during the "FREE" building your own banana splits event.

Tuesday we'll have a pot-luck dinner (with a twist). The twist is the layout for the evening with the tables arranged in a "U" shape and everyone attending and bringing a dish to share will sit on either side, opposite their spouse/partner or solo friend, with their offering, hot, cold or dessert placed on the table in front of them. When it's time to eat, everyone will rise and move off to their right, collecting samples of

all that is offered. This way there are no tables to be called and nobody is the last to get in line for the goodies.

Wednesday morning a great breakfast is planned. The evening brings our regular "Big Money Bingo" and this week there really will be some big money in the prize pool. Thursday is an evening snack and dessert time, followed by a Sweetheart's Dance, just because it's St. Valentine's Day.

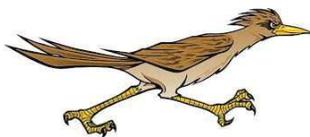

Friday afternoon (1:00 P.M.) will be our Annual Auction with all kinds of great (donated) things to buy. There are always lots of special treats along with material things too. Just ask any of our older leaseholders about the "Rum cake". Or, look for other things you just can't get in the U.S.A. like 'Nanaimo Bars' and "Butter Tarts". Howard Krakower does a great job as our very own auctioneer and adds lots of fun to the event.

At our dinner on Friday evening you get to find out "who done it" and some great prizes will be awarded for solving the crime and for other things, as well.

The week wraps up with men's and women's pool tournaments on Saturday, with more prizes to be won.

PLEASE .... Sign Up if you're joining us for any of the food events so we know how much we have to purchase in the way of supplies. NOT EATING? Join us for the fun and fellowship and don't miss any of the clues that you'll need to solve the mysteries.

*Remember the golden rule and treat people as you would like to be treated. We're all on the same team so let's agree to play nice.*
