

Phoenix Park District Water in the Sun

We wanted to provide a different form of activity for the kids in the community by bringing water activities to the park. The kids had a wonderful time. Vice- President Lori Hagler did a magnificent job with the kids on the water slide by the end of the evening she was drenched. The Kids were served turkey hotdogs, sun chips, and lemonade. Many parents came out to monitor their kids. Thanks to Mayor Wells for his support as well as Deputy Bowman, the Phoenix Fire Department and all our volunteers.

FCHOC Dance Squad (Fight Childhood Obesity Campaign)

This summer the Phoenix Park District created a dance squad. The squad met Monday-Friday at the field house. The girls creatively choreographed a dance routine that they performed at the Phoenix Family Fest.
