AMA CHARTER #895

Direct correspondence to: Bruce Whatley, 8202 Cheshire Way, Louisville, KY 40222

June Meeting:

The June meeting was held on June 5 at the LRCC flying field.

Library Plane Show

Reminder we will need volunteers for the show as well as planes, quads and whatever you have that's RC to display. See Jim or Gary to volunteer.

Old Business

We are looking forward to hosting a church youth group at our July Fun Fly. We may need some volunteers to help with talking to them and letting them fly on buddy box.

New Business

We discussed adding RC car track to our field. Which has been done and we now have two areas that we can run cars. We also discussed the following.

- >Car operators just like fliers must have AMA, since AMA does cover both cars and boats, and after 3 times must join the club.
- >Source of new members and revenue.
- >Safety is first priority. Make sure cars and aircraft in any proximity do not pose a safety threat.
- >We will be using the helicopter area for the track since it already has signs for spectators and does not interfere with aircraft.

Reminders:

- >Jerry has vinyl club window decals. Nice and only \$12...
- >Jerry has a new order of club caps on the way. Caps are \$12, shirts \$12 to \$16 depending on size. He has some shirts in stock. If you have a special request, contact John Vetter.
- >AMA cards must be displayed while flying. There are card sleeves in the file cabinet in the club house.
- >Guests may fly on three separate occasions before being required to join and fly as a club member.
- >Note we do not send out renewal notices for membership, the postage is too expensive.
- >When locking the gate, the chain goes under the gate not over.

What's New

Fred Beese brought a Piper Pacer. It has a 51" wingspan, 10 size electric motor uses 3s batteries.

Tick Season

I picked up a couple of ticks when mowing last week and I did not even go into the weeds. Spraying your clothing with a repellent with permethrin in it will go a long way to keeping the ticks away. Be sure to check all over it you have to go into the weeds or woods.
