

NWD STATS 2019

faith is growing
2 Thessalonians 1:3
more and more
*and the love all of you have
for one another is increasing.*

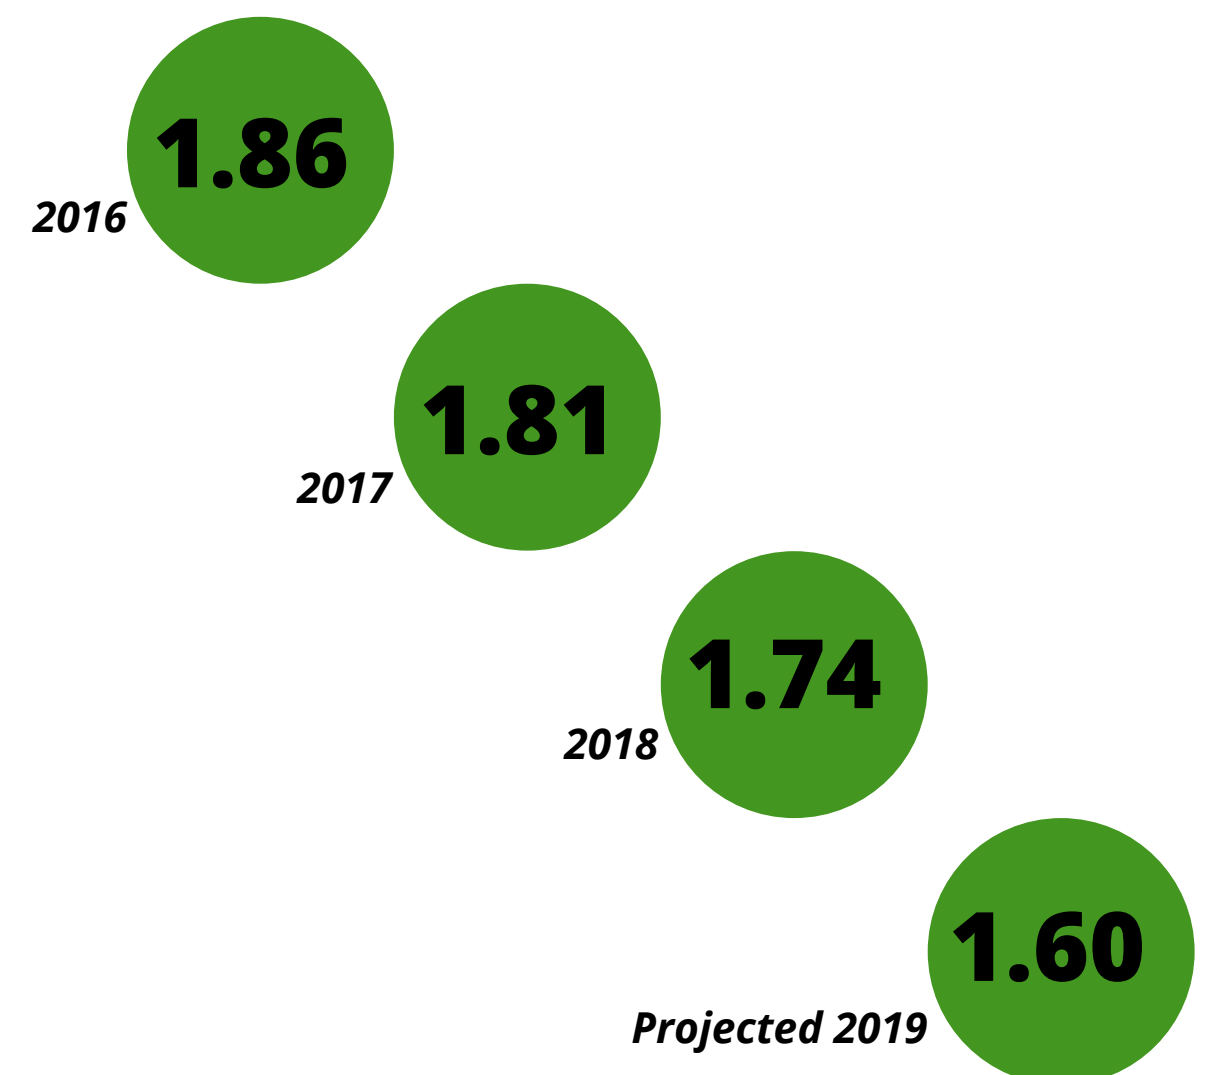

39% of congregational income was sent to support the national LCMS. This number will be 35% in 2020.

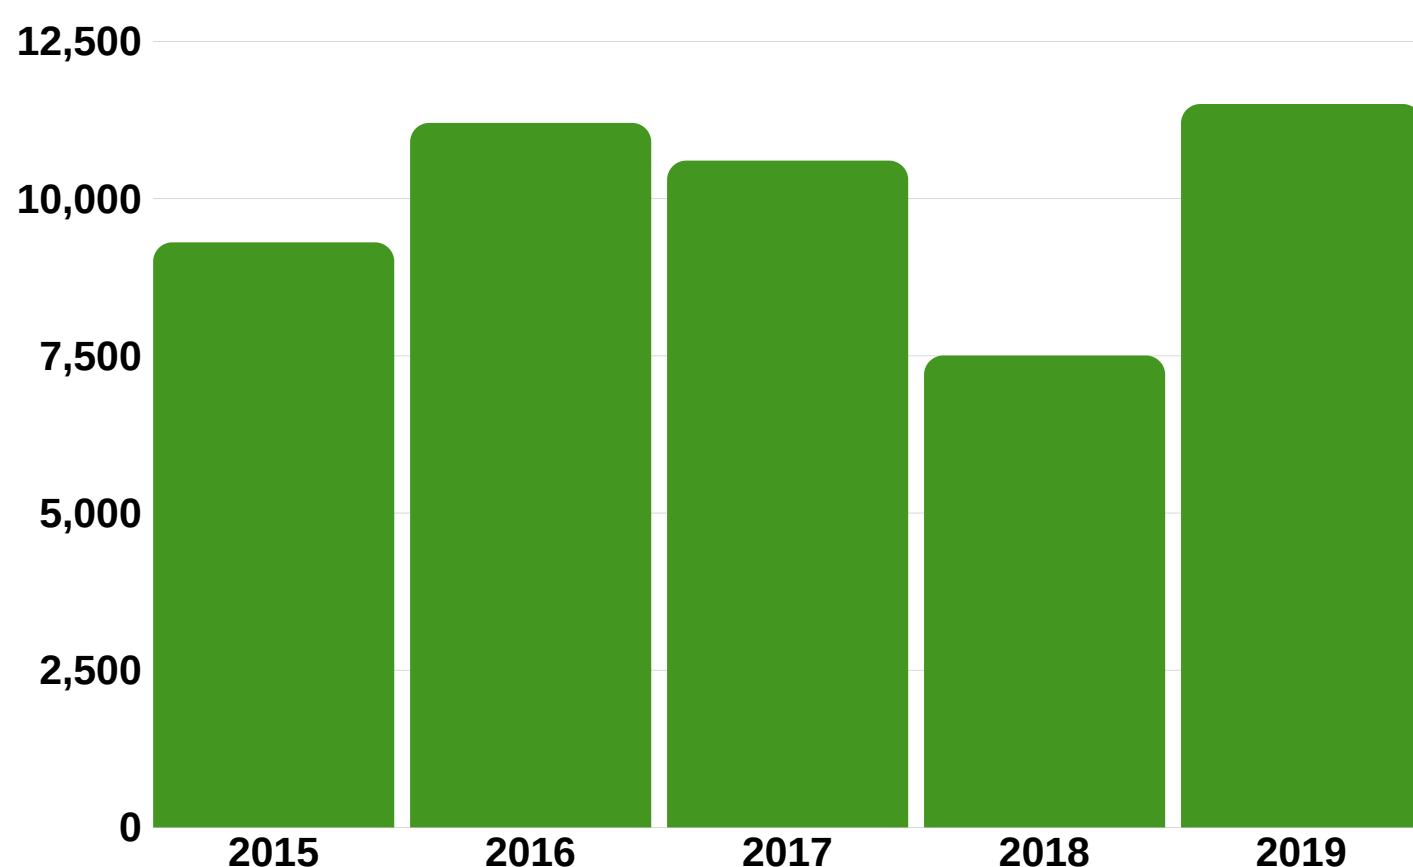

Congregational income was stewarded at the following levels.

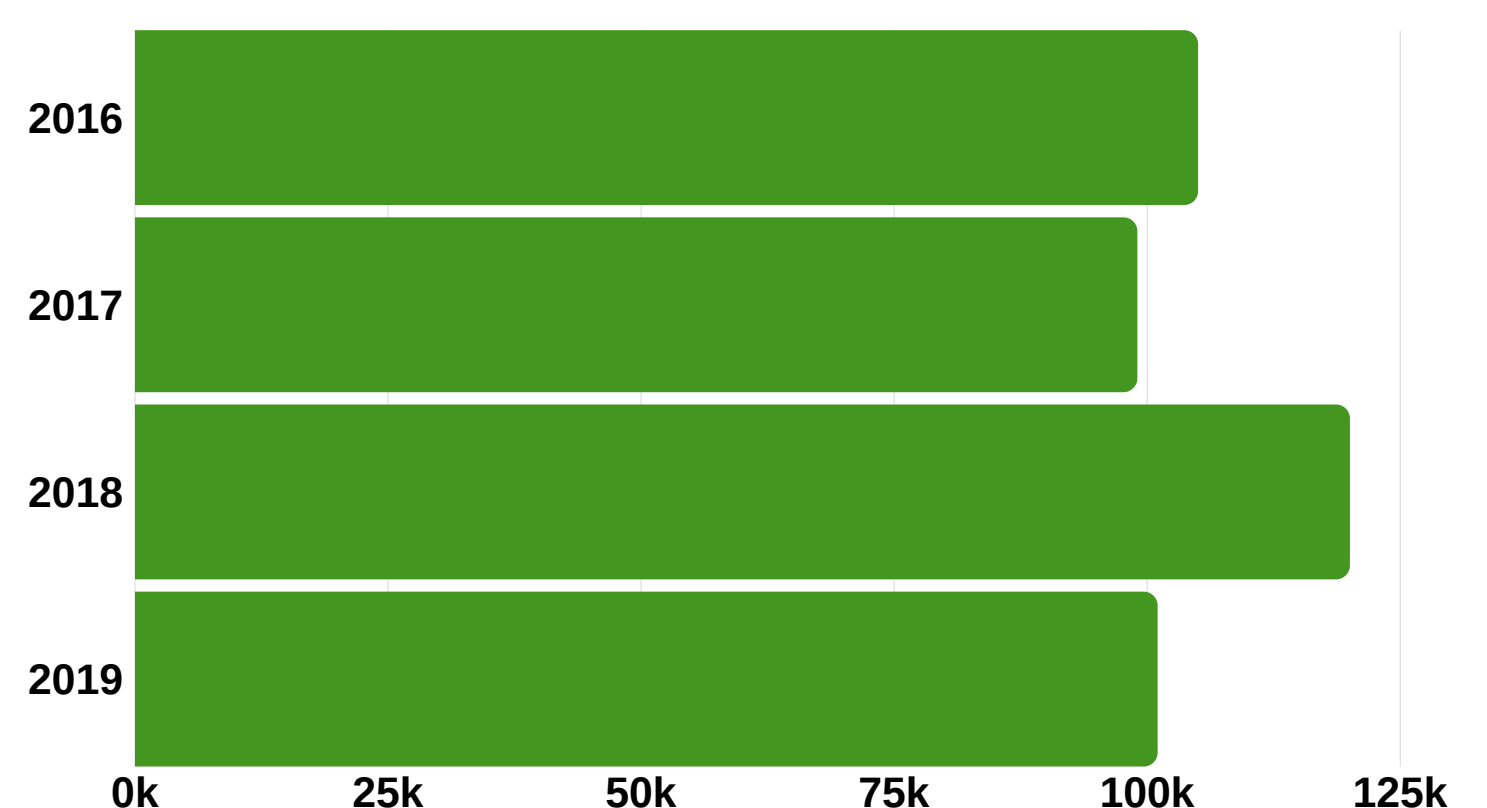

- 5% Camp Luther
- 21% NWD Missions
- 35% NWD Ministry
- 39% Synod

Congregational income to the NWD (in millions of dollars). This line item has declined each of the past 4 years.

Hearts For Jesus, celebrated in February in most NWD schools and churches, has made an important difference in District and Synod-wide ministries. This is not paid through congregational giving.

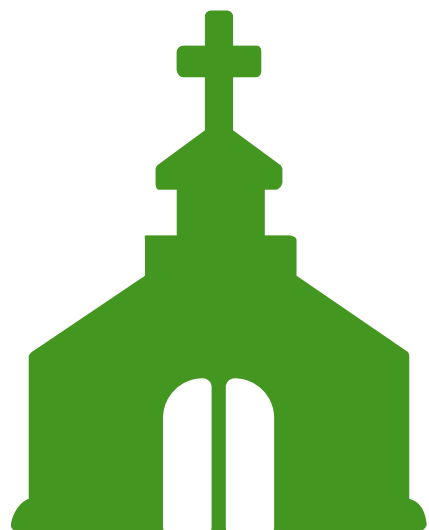

Future church worker grants are not paid through congregational giving, but through special gifts given over the years to support NWD students. These are for seminary and undergraduate students.

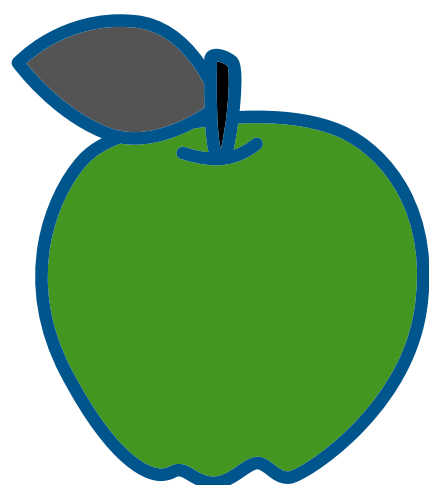

NWD STATS 2019

from 2018 self-reported data

faith is growing
2 Thessalonians 1:3
more and more
and the love all of you have
for one another is increasing.
