

Wrongful Death Law in Texas

Under Texas law, a person is liable for damages arising from an injury that causes an individual's death if the injury was caused by the person's or his agent's or servant's wrongful act, neglect, carelessness, unskillfulness, or default.

Have you or someone you know lost a loved one because of someone's carelessness? The emotional pain can be devastating and there may be **funeral, medical, and other bills** because of such carelessness.

Remember time is important because most injury cases expire or have a statute of limitations. This is a time frame when a lawsuit must be filed in court. In most cases, you have two years from the date of the death, injury, or accident to file.
