## Stay at Home Corner

So you're stuck at home and don't really want to go out. You've completed Netflix list and you're tired of talking about the news with your flatmate. Don't fret, there are still plenty of free things left to do.

Here are a few things you can do for free.

### Watch a film

Netflix and Amazon Prime aren't your only options, and you don't necessarily have to pay for a subscription to watch plenty of excellent films.

Open Culture has a great list of [1150 free films](#) you can watch online right now. If you have an eligible university or library card, you might also have access to [Kanopy](#) which offers thousands more film options for free.

### Watch a documentary

If you're in the mood for something a bit more cerebral, there are a few websites that give you access to free documentaries.

Whether you're into sharks, revolutions, or serial killers, you'll find something interesting to watch. Some great sites include [Documentary Tube](#), [Top Documentary Films](#), and [Documentary Heaven](#).

Enjoy and please don't forget to watch this section for more ideas in the future. Also your suggestions are invited any time. Just email them to [shalomalita7@aol.com](mailto:shalomalita7@aol.com). We also welcome your opinions on this feature.

Thank you in advance.  
Alita
