

COUNTRY PARK RULES AND REGULATIONS -2017

- I. **GENERAL POLICY.** These Rules and Regulations were established pursuant to the Declaration and Bylaws in order to promote enjoyment of the condominium by the residents, and to promote the value of homes in the condominium. The quality of the condominium lifestyle depends on group effort and cooperation. Courtesy and an awareness of the sensibilities of others are of paramount importance.

As residents, you are expected to exercise appropriate restraint, moderation, tolerance and consideration in your conduct and living habits since they may affect your neighbors. Likewise, you should expect reciprocal consideration from your neighbors. Therefore, please be as considerate of your neighbors as you would like them to be considerate to you.

The Declaration and the By-Laws for The Unit Owners Association of Country Park Condominium Association, Inc. (hereinafter referred to as the "By-Laws") contains restrictions relating to the ownership of Units and occupancy by residents at Country Park. The following Rules and Regulations serve to supplement those restrictions and are not intended to modify or limit them. It is suggested that you keep the Declaration, By-Laws, and these Rules and Regulations as well as other communications from the Association in a convenient location for future reference. If you rent your unit, please provide the tenant with a copy of the rules.

Common areas and Limited Common Areas are defined in the Declaration Bylaws for your community. A general rule of thumb is that Limited Common Areas are for your exclusive use and are your responsibility to maintain. Keep in mind, however, that limited common areas are still a part of the common area and are regulated by the Rules/Regulations of the community as well as the Declaration/Bylaws. Usage of the Common Area is shared with all members of the Association and your percentage is 1/220th and therefore the responsibility of all owners (the Association).
