- * Work Shares are an agreed upon partnership. For each hour of labor put into the farm, you get an \$11.00 credit to be used on farm products.
- * We have limited space for Work Shares, but will keep all applications on file.
- * We will never MAKE you come in to work, you come in when you WANT to come in.
- * Farm work can be labor intensive. Good attitudes, hard work, and appropriate clothing and shoes are expected.
- * We have the right to ask anyone to leave or to end a Work Share agreement, but will still honor the credits you have acquired.
