

Preventive health services for children

Most health plans must cover a set of preventive health services for children at no cost when delivered by an in-network provider. This includes Marketplace and Medicaid coverage.

Coverage for children's preventive health services

All Marketplace health plans and many other plans must cover the following list of preventive services for children without charging you a copayment or coinsurance. This is true even if you haven't met your yearly deductible.

1. **Autism screening** for children at 18 and 24 months
