•Center's Philosophy:

♥ Philosophy from the Heart ♥

Best Friends for Kidz bases its program through experience, knowledge, and love for children. Best Friends for Kidz views itself as an asset to the child's well-being and the parent/guardian's peace of mind. The staff is carefully selected by personally viewing them in action with the children and parent/guardians. Programs are personally designed by the President of the company and viewed by the Director and Managers to ensure child development and parent/guardian's satisfaction. We believe children need the opportunity to be the best they can be by experiencing new challenges and adventures that will teach them about daily life and prepare them for school as well. Parent/guardians are welcome to give ideas and suggestions to the creation of this learning center. We believe playing and singing are two of the most joyful ways a child can develop their motor skills. Constructive time will also be applied for the more challenging motor skill development. This would be such things as writing, sorting, cutting, and so on. Children will be allowed a variety of choices to make each day wonderful! They will be guided and given examples and rules to follow. Children will be allowed to make decisions and solutions as they approach different tasks. When a child becomes frustrated, ideas for resolving the problem will be suggested to the child and the child will have the opportunity to make their own decisions. We believe we need to be thankful for something each day. During lunchtime and group time, we will take an opportunity to share what we are thankful for. We believe children should know that we live in a large world with different children and languages. Best Friends for Kidz wants to provide a feeling of home away from home. We are striving for the best possible environment you would want to leave your child in. We do offer a Christian based preschool program and our center is licensed for full-time care. And don't forget... we can provide you with tax receipts for your childcare expense!

•About our Staff:

All staff members are experienced child caregivers who are certified in CPR, First Aid, and Child Abuse Recognition. Most staff members have an early education background or a university degree in Early Childhood or related program. Police background checks and reference checks are conducted on all staff. We pride ourselves on providing a safe, loving and friendly atmosphere for your child to play and learn. Our staff members strive to make your children feel welcome at our center, and are confident that your children will enjoy themselves so much that they will beg to come see us again!

•Director of Operations:

The founder of Best Friends for Kidz is Amanda Danielle Flowers. She holds a Florida Teaching License for children in Kindergarten through 6th grade and Exceptional Student Education Certification (K-12). Amanda has worked with children of all ages and backgrounds for the past 12 years. She holds a Bachelor of Education Degree in Early Childhood Education and a Master's degree in Curriculum and Instruction.

My personal philosophy is: *"Put the children first"*. We work hard to make sure all teachers are highly qualified professionals and ready to educate our youth. We make sure that each teacher builds a personal relationship with the children in their class.

I know that each child is an individual and as educators it is the teachers' job to unlock the talents of each child. -Amanda Danielle Flowers

•Ratios:

We are committed to the safety and well-being of your child. The following are staff: child ratios as noted in the childcare licensing rules regulating Best Friends for Kidz:

1:4 children 6 weeks-11 months old

1:6 children 12-23 months old

1:11 children 2-3 years old

1:15 children 3-4 years old

1:20 children 4-5 years old who have not started school yet.

1:25 school age children under 12 years old

***Note:** Group size shall not exceed twice the maximum number of children allowed per child care staff member. Children are only combined when there are small group numbers typically in the early morning and evening, otherwise they are with their specific age group and assigned teacher. **Children will be supervised at all times.**

•Curriculum:

Wee Learn (Christian Curriculum) is the curriculum used for ages infant – five years along with our own Curriculum. This allows our school the flexibility to celebrate and bring attention to important holidays, events and historical teachings that are not offered as a whole in curriculums. The DECA Program (Devereux Early Childhood Assessment), I-Care Cat and/or Tucker Turtle is incorporated in every classroom to teach social and emotional skills. To measure progress, the Ages and Stages Questionnaire (ASQ) will be used to screen each child from age infant to age four within three weeks of enrollment. Children in VPK will be screened using the Florida Voluntary PreKindergarten Assessment. Information will be shared with the parent/guardians after each assessment/questionnaire. Based on your child's assessment/questionnaire, and individual needs, goals and/or referrals will be set up.

Procedure for transitioning to another group: Since we are a small center, the children get to know all of the children, teachers and staff. Transitioning is easier for the children at our centers. Infants and toddlers have their own areas and as they get older they have opportunities to participate in activities with children of the next age group. All children are evaluated on a case by case basis to determine if they are ready for the next age group. Parents and staff work together to determine if the child is ready to move up.

Screening and Assessment

Teachers use a wide variety of assessments throughout the year to determine the progress of students. Classroom Observations, Curriculum Based Measurements, and Formal developmental questionnaires such as ASQ may be used. Most children will receive a pre- test and a post- test, however more frequent assessments may be deemed necessary if your child is showing sign of delay and you will be notified if this is a concern. All screenings are conducted in the child's natural environment by the classroom teacher. At any time during the year, parents may request a conference with the teacher to check on child's development. Teachers at Best

Friends for Kidz are not qualified to diagnose children; however they can refer you to outside organizations to get further screenings done if recommended.

GENERAL INFORMATION

Pick up and drop off Policy:

Arrival: Children and families are greeted by a staff member. Parents/guardians need to sign in using the electronic fingerprint system. If you are not registered on the system yet, we will set you up. Anyone on your pickup list will be required to have a photo taken and register their fingerprint in order to be able to pick up your children. You may also be required to sign in on a sign in sheet if the computer system is down for any reason and leave details including a contact phone number for the day, an approximate time of return and any special instructions. Children are brought in by a staff member to their appropriate area.

Children shall be dismissed only to parents or an authorized pickup person, unless the Administrator or Staff Member in charge has been informed of a change in writing. When children are signed in, be sure to let us know if someone other than you will be picking the child/children up. You will need to add this person to your authorized pick up list in your file. The pickup person will be required to take their photo and fingerprint upon pick up if they are not in our system yet. Photo ID is required on the first visit. Also, please be courteous and arrive on time. Our academic time for VPK begins promptly at 8:30 and the remainder of the school begins at 9 am sharp. Our doors will be locked from 9 to 9:20 to ensure the teachers are allowed a proper introduction to their day. Academic circle times are valuable to the children and teachers. Your promptness to arrive 15 minutes before instruction time allows the teacher to ask you questions about their morning, say hello and to properly welcome your child(ren). If you cannot arrive on time, we ask that you wait until 9:20 to arrive. We also use this time for the entire building to experience unity and togetherness along with development, academics, expectations and more. While academic circle time is in progress, the office and other staff are doing chores to sanitize from the morning exposure, including mopping, reviewing the medicine board, creating a break schedule, responding to parent requests and agencies, etc. Our day is strategically planned to ensure quality, safety and responsibility towards each child's individual needs. Our preschool is also safer when the children are here on time and accounted for

Children arriving from another program: If your child is scheduled to arrive by bus we will call you if they do not arrive at the scheduled time. The school/bus garage will also be contacted. If another program is delayed or cancelled or not open due to a school holiday or teacher in-service, you must contact us if your child will not be attending. If a child is arriving from a CSB visitation we will contact you if they are not at the center at the scheduled time.

No spanking or any other physical punishment is allowed. Discipline shall not be associated with food, rest, or toileting. Children shall not be subjected to discipline which is severe, humiliating, or frightening.

Child Care Facilities and Family Day Care Homes must ensure that disciplinary practices, which are both constructive and appropriate to the child's age, are properly administered. The objective being to help the child regain control of his or her emotions and/or actions, not to prevent him or her from expressing his or her feelings or moods. It is important that we remain realistic in the expectation of the behavior of each child, taking into consideration their developmental stage and their age. Discipline is a slow, step-by-step task of helping children to see the sense in acting a certain way.

If the child becomes a danger to the staff or other children, parents will be called immediately. The three school rules are as follows:

- a) You may not hurt yourself.*
- b) You may not hurt your friends.*
- c) You may not hurt anything in your environment*

The discipline methods are restricted as follows, staff shall not:

1. Abuse or neglect children;
2. Utilize cruel, harsh, unusual, or extreme techniques;
3. Utilize any form of corporal punishment;
4. Delegate children to manage or discipline other children;
5. Use physical restraints on a child;
6. Restrain a child by any means other than holding children for a short period of time, such as in a protective hug, so that the children may regain control;
7. Place children in a locked room or confine children in any enclosed area;
8. Confine children to equipment such as cribs or high chairs;
9. Humiliate, threaten or frighten children;
10. Subject children to profane language or verbal abuse;
11. Make derogatory or sarcastic remarks about children or their families;
12. Punish children for failure to eat or sleep or for toileting accidents;
13. Withhold any food (including snacks and treats), rest or toilet use;

The school will add all allergies to the school list and post in the center. A CCFP Allergy form will be asked to be completed by your physician.

Meals

Best Friends for Kidz participates in the USDA Food Program and serves all preschool students breakfast, a hot lunch and a snack. Each meal is prepared in compliance with governing federal and state guidelines to assure nutritional value. A monthly menu is posted each month for inspection and comment. We are happy to provide this service. Breakfast will be served at 7:30am each morning. Food additions are discouraged, but if brought from home **food cannot contain any peanut products**, however USDA food program meal will still be provided if a physician's note is not on file.

Any variation in diet is permitted only in accord with the physician's written order or for religious purposes.

Please notify us in writing if your child has any food allergies.

Animals on Property

BFF Kidz has one turtle (Theodore), and a hermit crab (King Solomon). These animals will visit with children three years of age and older. Children who are afraid of these animals will never be forced to be around them, and if those children are in the same room as the animals, they will remain in their designated spaces or outside.

Each classroom has a class fish and plant that they are responsible for feeding and watering.

HANDWASHING/DIAPER CARE STANDARDS

All employees and children shall wash their hands with soap and running water upon arrival at the center. Staff shall wash hands after each diaper change, after assisting a child with toileting or personal toileting, after using a cleaning agent, before preparing or eating food, and before feeding any child. Children shall wash hands after diaper changes, toileting, after sneezing or coughing on their hands, before and after eating. Changing of diapers will be handled in conformity with the following methods:

1. Hands of the adult caring for the child shall be washed with soap and water after each diaper change.
2. The diaper changing station shall be disinfected after each diaper change with a germicidal agent. If the diaper changing station is soiled after the diaper change, it shall be cleaned with soap and water and then disinfected.
3. Any product used (i.e. Diaper rash cream) which is used on more than one child shall be used in such a way that the container does not touch the child. Any product obtained from a common container and applied to a child shall be applied in such a manner so as not to contaminate the product or its container. Common containers shall be cleaned and disinfected with an appropriate germicidal agent when soiled.
4. Clean diapers are available (\$1.00 each) and are stored under the change table.

5. Diapers or clothing used during diaper changing brought from the child's home shall be stored in their cubby.
6. Place soiled clothing in a tightly sealed bag, and store out of reach from children and away from the rest of their belongings. They do not need to be rinsed first.
7. Soiled diapers are to be immediately placed in a plastic bag and to be disposed of in a timely manner.
8. Disposable wipes will be used and discarded immediately.

Toilet Training

We are more than happy to work with your child to help transition them during the potty-training phase. Just let us know what stage your child is at and we will make every effort to accommodate their needs. However, until they are fully trained, it is advisable to send them in a pull-up and with extra clothes. Children will often be so busy playing that they don't want to take a break to go potty! Please don't forget to replenish any soiled clothes that have been sent home.

INFANT CARE

Best Friends for Kidz will only take infants with a reservation to ensure adequate staffing and ratios. Please note that each center is limited to the number of infants allowed on premises. The following are guidelines for infants in our care:

- a. Infants must stay in the infant area unless they are with a caregiver.
- b. Infants shall be removed from their crib for all feedings, and for individual Attention.
- c. No infant shall be placed in his/her crib with a bottle for feeding and at no time shall a bottle be propped for an infant.
- d. Each infant shall be allowed to safely and comfortably sit, crawl, toddle, walk and play according to his or her stage of development in the infant area.

INFANT FORMULA AND FOOD

Best Friends For Kidz participates in the CCFP program and provides formula and infant food. Please check with the center to see the brand used at the center. You will need to provide your own formula if you require a different brand.

- A) Infant formula and food shall be prepared in conformity with written instructions from the parent or guardian or physician in charge of the infant.
- B) Before preparing formula, thoroughly wash all equipment to be used with hot water and detergent, followed by a thorough rinse in hot running water.
- C) Label child's formula and food with his/her name and store appropriately upon arrival at the center. Refrigerate immediately if it is already prepared, unless it is a commercial formula, which does not require refrigeration until after it is opened.
- D) Commercially prepared formula is available to be used in the event that the parent or guardian did not provide a quantity of formula sufficient to meet the infant's daily requirement.
- E) Do not heat the formula in the microwave. Use the bottle warmer.
- F) If the parent or guardian provides breast milk, it shall be labeled with the child's name and date of preparation and immediately refrigerated. Do not store for more than 24 hours.
- G) The unused portion of formula, breast milk or food remaining in the container from which the infant has been directly fed shall be discarded.

- H) If no instructions are left for service of food to their child, the infant shall be served formula/and or food in sufficient amounts to meet the most current recommended dietary allowances.
- D) Food heated in a microwave oven shall be stirred or shaken during heating to avoid uneven heating.
- J) An infant or a child of any age shall be permitted to nurse at will from a bottle containing other than water only at regular feeding times. Staff members will not let a child/infant wander around with a bottle.

CRIBS

Cribs can only be used by one child at a time. If an infant uses a crib during their stay, the crib must be thoroughly cleaned with a germicidal agent and sanitized before use by another child. The crib sheets shall be changed whenever another child uses the crib. (Parents are strongly encouraged to send their own blankets) Only children measuring less than 35 inches can sleep in the cribs. Other children may use a cot to rest on if they need to.

Best Friends for Kidz Daily Schedule

When children enter into Best Friends for Kidz, they enter into an atmosphere conducive to learning and fun. Our Play and Learn Program is designed to promote both independent play, and group activities. Children have opportunities to develop social interaction, cooperation, listening and language and math skills, gross and fine motor coordination. These are sample schedules as they vary depending on the center. You can ask your administrator for a copy of your child's schedule.

Diapers and Toilet Training: We change diapers every 2 hours, or, immediately if soiled. Let us know if your child is toilet training so we can remind them.

Nap time: All children enrolled at BFF, regardless of age; need to have at least 30 minutes of quiet rest time each day. They do not have to sleep but need to lie quietly so that other children can rest and fall asleep. After a minimum rest time, the child who has not fallen asleep will be given something quiet to do (books, lacing cards, small puzzles, pattern blocks, paper, and crayons/markers, etc.). If at all possible we will try to follow parent's/guardian's wishes about rest time. No child two years or older should sleep past 3:00 p.m. In cases where a child requires more sleep than the classroom schedule allows, arrangements should be made to have the child nap earlier or, if possible, have office staff monitor the sleeping child while the rest of the group continues with the class Schedule.

Parents must choose a program to enroll their child in to guarantee their spot on a daily basis. This can be a full time or part time spot. Children are not able to change between programs week to week. Once a child has signed up for a program they must remain in that program for a minimum of 1 month, if you would like to change from full time to part time then you must remain in that program for a minimum of 1 month. You cannot downgrade to a part time package for one week as we are not able to enroll another part time child for just one week. If your schedule will be changing for one week then you will have to choose from hourly or a daily rate package. If you would like some assistance choosing a program that is right for your family, please see an office manager.

Afterschool Homework :

Best Friends for Kidz provides a set time afterschool for homework to be completed. Please see front office to let us know if you would like your child to be included in the homework time. We still encourage parents to review their child's homework with them at home. We also provide affordable one on one tutor time.

School Readiness

School Readiness Program Policies

This is an income based qualifying program. For more information, please call (813) 744-8941. BFF Kidz is pleased to participate in the Hillsborough County School Readiness Childcare Subsidy Program. Under this program, parents receive a credit in the form of a subsidy payment provided by the State of Florida. The State subsidy reduces, but does not eliminate payments required by parent/guardians. In addition to the parent/guardians copayment fees required by The School Readiness Program, an additional fee will be assessed by BFF Kidz, so that we may receive our total tuition.

Reminder: School Readiness will only pay up to three absences without an extraordinary circumstances form. Please see paper in front of book to see how the circumstances are defined. They will pay up to 7 more days with this form.

Parents are required to:

1. Sign children In/Out daily.
2. Complete Signature and Date at the bottom of the sign In/Out log at the end of each month
3. Due to rate changes, notify Think Children 30 days prior to the child's birthday.
4. Promptly pay Best friends for Kidz payments.
5. Submit a doctor's note to Best Friends for Kidz for any absences due to your child seeing the doctor and for all absences beyond three days per month. To measure progress, the Ages and Stages Questionnaire (ASQ) will be used to screen each child receiving School Readiness Funds as requested. Information will be shared with the parent/guardians after each assessment/questionnaire. Based on your child's assessment/questionnaire and individual needs, goals and School Readiness, you are required to pay the difference between what the State of Florida provides and the actual BFF Kidz rate.

BFF Kidz is a "peanut free" facility. Should a child bring a meal containing a peanut product, we will replace it at parent cost.

Late Policy

Preschool Hours

(Mon - Fri. 6:30am-6:00pm)

There will be a \$5.00 Late Fee charged, plus \$1.00 for every minute after closing hours. Please know that many of us are excited to get home to our families, to church or after-hours errands. Picking up late delays the chores we have to do in order to provide a safe and healthy environment for the children arriving at 6:30 a.m. This courtesy means a lot to each of us and phone calls are required if you will ever be late. BFF Kidz does offer afterhours care for additional fee, please see the office if this is something you may need.

Payments

Weekly tuition rates are discounted on the basis that your child will regularly attend school and pay tuition weekly. The agreed weekly tuition rate should be paid on Monday prior to the week of service. Tuition Express forms to have tuition automatically deducted on Mondays or Friday are recommended to avoid late fees or penalties.

Late Payments

Payments are considered late if paid after noon on Monday. This indicates your child already attended one day of school without being paid for and a late fee will be assessed. Late payment fee is \$10 for the first day and \$5 a day each day after.

Tuition Agreement -this agreement is a binding contract of payment for childcare services provided by Best Friends for Kidz. I understand that payments are due prior to service and any late payments will incur additional charges. I understand that a tuition express form is to be kept on file with a current valid account or card in order to receive services. I understand any changes or discounts in my tuition will be processed after I have completed a new tuition payment form. I understand that my tuition rate changes one month after successful transition to the next age group. I understand that I am expected to pay the cost of \$40 to hold a slot in the instance my child is absent for the length of a week. This does not apply for partial absences; I am still responsible for the agreed upon weekly tuition even if my child attends only part of the week. I understand that I am responsible for any up charges applied for going over my hours or picking up outside designated times. I understand I am to give two weeks written notice before withdrawing my child. If I leave without notice I am responsible for the last two weeks tuition. Below is a detailed description of my individualized quote:

***Note: Additional charges may apply for participation in field trips and activities taking place at the center**

and so my plans are established and succeed. Proverbs 16:3*
