

HOW TO FILE AN ECOMMENT ON FERC WEBSITE

Helpful Tips to Follow:

- The FERC website times out and your comment will be gone. Type your response in a text document and use the copy (CTRL + C) and paste (CTRL + V) commands to transfer your comment to the website.
- Comments are limited to 6,000 characters.
- Use facts and document the inaccuracies in the information that National Fuel presented to FERC about our town.
- Just stating that you are opposed will not get an action from National Fuel. Use facts to support your statements. Ask a question in your comment. National Fuel has to answer questions.
- You must have an email address to eComment on the FERC website.

The screenshot shows the FERC Online website interface. On the left is a navigation menu with links: FERC Online Home, About FERC Online, Log In, eRegister, Company Registration, eFiling, eSubscription, eComment (highlighted), Query Mailing List/Recipients by State, Query Service List, My Service List, eLibrary, eTariff Viewer, and Help. The main content area is titled "IMPORTANT - READ BEFORE YOU BEGIN:" and contains instructions for eCommenting. Below the instructions is the "Authorize eComment:" form with the following fields: Name*, Street Address** (with a sub-field for Street Address 2), City*, State* (a dropdown menu), Zip Code**, E-mail Address** (with a sub-field for Confirm E-mail Address**), and Phone. Below the form is a CAPTCHA image showing the characters "JYSWN" and an "Authorize" button. A large black arrow points from a callout box to the "Authorize" button. At the bottom, there are two footnotes: "* Denotes Required Field" and "** Denotes Field will be used by FERC internal staff and not posted to eLibrary."
