

## 2018 Freezer Results

The 2018 Freezer shoot came a lot closer to living up to its name than last year. It was just 33 degrees as the sun came up. Sam and several shooters had the fire already going by that time. It was cold and the mirage was surprisingly heavy in the middle of the match but by the end, it had become a very comfortable day. Clear and sunny with middle 50's temps, a chance to shoot, sausage on the grill, a good visit with friends. What more could you ask for. If you have not attended this shoot, you owe it to yourself to put it on the calendar and make the effort to attend.

We had a total of 17 shooters this year with several new shooters showing up. We did enjoy meeting and visiting with all the new guys and hope you will become regulars with us. This match although informal is still very challenging and is a good way to measure the ability of your equipment in a tough setting.

Joe Duke ended up first with a score of 247-5x, for a new shoot record. Kris Whitman was second with a score of 236-1x. Hal Eschenko, one of our new shooters was third with a score of 235-1x. Good shooting Hal!

The complete scores are listed below.

Thanks to everyone who did come and shoot. I enjoyed the day and hope you did as well. See you next time.

2017 Freezer Scores						
Name	Match 1	Match 2	Match 3	Match 4	Match 5	Score
Joe Duke	50.1	49	49	50.3	49.1	247.5
Kris Whitman	46	47.1	46	48	49	236.1
Hal Eschenko	47	45.1	46	49	48	235.1
Arnold Jewell	50.2	45	45	45	48	233.2
David Pohl	49	46	43	48	45	231.0
