

RR Harriers Hilly Challenge mk 2 - Mon 25 Jan 2021 to Sun 31st Jan 2021

Congrats to all those that attempted this week's hilly challenge. Hope it gave your thighs a good workout. Well those that had a few hills in their local area anyway! There are suggestions of holding the reverse of this challenge, i.e. the flattest 10km, so Ravinder you may stand a chance with that one!

The old codgers have led the way again, with the hill billies from North Derby claiming 1st and 2nd. Well done Alan Eccleston for grinding out 1239ft. Alan did also try to claim a snow and ice correction (whinge?) due to it being sub-zero temperatures during his run. Suggest you put an extra thermal on Alan!

Cliff Cooper came in second with a very meticulously planned 1073ft, and Dean was 3rd and first of the youngsters with a fine 1023ft.

We have had our first disqualification of our virtual lockdown events. This was for Claire, who managed a fine 1414 ft in her 11miles..... (To be fair to Clare, she did disqualify herself and she will rtfq in future 😊)

Also a mention for Howard who has improved his previous strava art work from a carrier bag to a dragon. Wrong challenge Howard, but good effort all the same!

Well done all.
