

# Thursday 3rd-4th Hip Hop — \$65.00

## Body Measurements

Please follow these simple steps when you're ready to take body measurements. Have your child wear undergarments or a light-weight leotard with a bra that gives the bust line their typical shape for most accurate measurements.

- Have your child stand straight with their weight evenly distributed.
- The measurement tape should be snug but not too tight on circumference measurements and stretched tight for vertical measurements.

Getting the Measurements:

- 1—Bust/Chest—measure over the fullest part of the chest having the child's arms relaxed at their sides.
- 2—Waist—Measure around where the waist naturally indents. Keep your finger between the tape and their belly.
- 3—Hips—Measure around the fullest part of the hips and buttocks while your child stands with their heels together.
- 4—Girth—Measure from the midpoint on the shoulder towards the front, through the crotch and back around to meet the midpoint of the shoulder.

**\*\*If you need assistance please ask one of the board members. We would be glad to help.\*\***

Child Sizing								
		XSC	SC	IC	MC	LC	XLC	XXLC
	Inches	22 - 24	24 - 26	26 - 28	28 - 31	31 - 33	33 - 36	36 - 40
<b>Chest</b>
