Format

Tiebreakers, in order, are as follows:

1. Overall record (winning percentage)
2. Least runs allowed
3. Total Net Run Differential
4. Most Runs Scored
5. Coin Flip

The home and visiting teams, including in championship games, will be determined before each game by a coin flip. The only exception will be the first game played by GVAA they will be the home team for that game, all other games will be determined by coin flip.

*Depending upon the number of teams in a division it is possible for some teams to play 4 games. Teams that play a fourth game it will not count towards their win percentage only the first 3 games will count. When determining winning percentage, a tie shall count as $\frac{1}{2}$ of a win. For example, a 2-0-1 record is better than a 2-1 record.
