

**Hummel Architects** has an immediate opening for an Architect-in-Training. Our firm specializes in Healthcare, Education and Government facility design in the Northwest. Hummel has been creating thoughtful, functional environments for our clients for more than 100 years. We embrace thoughtful and responsible design in all aspects of our projects and strive to provide guidance in sustainable opportunities. We have found that open communication and working cohesively with clients establishes trust, understanding and a shared commitment to explore ideas and create effective solutions. We are proud of our thriving workplace culture with opportunity for education and mentorship. Check us out at [www.hummelarch.com](http://www.hummelarch.com)

**Required Skills:**

- Bachelor or Master's Degree in Architecture
- Proficient in BIM/Revit Modeling
- 2+ years' experience preferred, not required

**Primary Responsibilities:**

- Working in a team environment through all phases of design and construction.
- Contributing to the production of construction documents.

Think you're a good fit? We'd love to hear from you. Send an email to [mboam@hummelarch.com](mailto:mboam@hummelarch.com) with a cover letter, resume and portfolio if you'd like to apply.
