

Parsonage Review Report notes

10/28/2018

Needs Immediate Attention

Rot in the upper window sill frame of NW bedroom

Need at least 2 more smoke alarms (only one now)

Damaged or irregular items:

Many windows have frame damage where storm windows were screwed in.

Extraneous paint on doors/frames.

Some scratches on kitchen linoleum.

Backsplash behind kitchen sink is warped.

Refrigerator leaks—maybe due to dust/cat hair in compressor(?)

Bathroom one has hard water stains on countertop and in tub; one “tile” is missing (held TP holder).

Bathroom three (basement) still has occasional sewer smell
