

Christine Barnes Urban Ombres

Workshop - November 20 - Supply List

- Sewing machine and basic supplies
- Rotary cutter, mat, and ruler. A 17-inch *rotating* rotary mat is ideal for trimming the center units and the blocks.
- Best Press spray starch. This is invaluable in cutting and pressing the blocks; I like the *unscented* version.
- 1¼ yards of gray ombré fabric for the blocks
- Chubby eighth or more of nine assorted prints for the center units. Nine different scraps are fine; they must be large enough to cut 4" x 4½" rectangles.
- 5"-wide strips of nine assorted colored ombrés to surround the center rectangles
- 1/8 yard of black-and-white striped fabric to surround the print rectangles
- ¼ yard of white-and-black striped fabric for the narrow outer border
- 2¾ yards of fabric for the backing and facings (not needed for class)
