Hood River Seed hires Sales Representative

April 16, 2018 Albany, Oregon/ Hood River Seed is pleased to announce the hiring of Ian Joustra as Sales Representative for Hood River Seed. Ian has been working for Hood River Seed the past few years and looks forward to taking on additional responsibility of working with the customers, managing inventory and procuring seed. In addition, Ian worked for Columbia Seeds as a production representative inspecting fields and working with growers to maximize yield potential.

Hood River Seed is a leading forage and cover crop company that has partnered with numerous producers in the Pacific Northwest to bring top-rated varieties to market. Hood River Seed also teamed up with international companies to bring Organic product to the North American market.
