cruisetours

The best way to see the heart of Alaska is on a Princess® Cruisetour, which combines a 7-day Voyage of the Glaciers cruise, scenic rail travel (see page 39) and multiple days touring Alaska by land with stays at Princess-owned wilderness lodges (see page 40). You can cruise first or start with a land tour. There are options for every taste *and* activity level.

DENALI EXPLORER

It's our most popular Cruisetour type — Denali Explorer. Choose from a variety of options to match your interests, each offering a 7-day Voyage of the Glaciers cruise with 3 to 6 nights on land. All itineraries feature a Natural History Tour into Denali National Park, plus a Sternwheeler Riverboat Cruise and a Gold Dredge 8 Tour in Fairbanks (if applicable).

ON YOUR OWN

Our On Your Own Cruisetours are the perfect option for the independent-minded traveler. Three to four nights on land, without prescheduled sightseeing activities, allow you to customize how you want to spend your free time.

OFF THE BEATEN PATH

With our Off the Beaten Path Cruisetours, you'll experience the best features of our Denali Explorer vacations, plus time at our remote Princess® Wilderness Lodges located on the Kenai Peninsula near dazzling Kenai Fjords National Park or Copper River just outside Wrangell-St. Elias National Park.

CONNOISSEUR

Hosted by a tour director, with most meals included and enhanced sightseeing, these vacations feature the highest level of service. Enjoy 5 to 8 nights on land, visiting not only Denali but also other legendary locales, such as Copper River and/or the Kenai Peninsula.

Considered the birthplace of the Renaissance, Florence is home to many masterpieces of Renaissance art and architecture. The most populous city in Tuscany, the beautiful city center contains numerous museums and art galleries, along with ample opportunities to explore via foot.

uncover

Gibraltar's stunning setting is matched by its history — five countries battled for 13 centuries to control this passage between the Atlantic and the Mediterranean on Spain's south coast. Now a British Overseas Territory, it is a fascinating place with the Rock of Gibraltar punctuating the horizon where the ocean meets the sea.

Combine this voyage with the 6/18/2018 16-day Midnight Sun, Spitsbergen & Summer Solstice shown on page 54 for a 34-day Fire, Ice & Arctic Circle Grand Adventure® not shown. See princess.com for details.

June 21 — the summer solstice and the longest day of the year — is the official start of summer. In Norway, the change in season is marked by a massive celebration called Slinningsbålet, where a huge bonfire tower is burned to reflect the sinking flame of the sun and to honor the birth of John the Baptist. Around the summer solstice, the midnight sun begins. This natural phenomenon means that the sun is visible a full 24 hours for many of the summer months. See these exciting spectacles for yourself on a Princess cruise!

Na Pali Coast, Kauai

Volcanoes National Park, a UNESCO World Heritage Site, is located on Hawaii Island, also known as the Big Island of Hawaii. Take in the breathtaking views of Kilauea and Mauna Loa, twisted lava rock flows, sulfur banks and lava beds. According to Hawaiian legend, it is bad luck to take home pieces of lava rock (and many disbelievers have found this out, as rocks are mailed back to Hawaii each year).

Called the “American Riviera,” Santa Barbara is a place where food, art, history, wine, fashion and sunshine meet. Spanish and Moorish style architecture is a highlight of the quaint city, epitomized in its Old Mission — which can be traced back to the 1700s when it was the tenth of 21 California missions to be founded by the Spanish Franciscans.

treasure

In Okinawa, you'll notice the abundant *shisa* statues, a central part of the culture. A cross between a lion and a dog, these small statues can be found on roofs and building entrances. Often in pairs, the closed-mouth female is said to keep in good spirits, while the open-mouthed male scares evil spirits away.

dazzle

Summer in Japan is hanabi — “fire flower” — season. And throughout the country, fireworks displays light up the night sky — some fireworks festivals feature sparkling displays set off from boats on lakes, some are dedicated to gods, while others are contests. From your ship, witness the stunning Kumano Fireworks Festival on select sailings.

admire

The Great Barrier Reef is truly one of the world's most spectacular natural features. Home to countless creatures, this massive coral ecosystem stretches more than 1,600 miles and is filled with 900 individual islands.

excite

Kangaroo Island boasts the kind of beauty that will stop you in your tracks. Perhaps the most notable are the Remarkable Rocks — a collection of enormous eroded granite boulders that have been shaped by the forces of wind, sea spray and rain over millions of years.

thrill

White-sand beaches, swaying palm trees, the immense statue of Christ the Redeemer and the never-ending rhythm of life are the reality of Rio de Janeiro. The city was awarded UNESCO World Heritage status in 2012. See it all from above by riding a cable car to the top of Sugarloaf Mountain, the symbol of the city, to take in the panoramic vistas of this magical place.

The “Paris of the South,” Buenos Aires is a cosmopolitan city that combines European grandness with South American flair. Whether you’re watching a tango performance spontaneously happening on the streets of San Telmo, sipping a strong coffee in a corner confitería or following in the footsteps of Evita Perón, you’ll be immersed in Argentinian flavor.
