DESCRIPTION: The Wing Red Wing Hunter was one of the most copied bows due to its design, speed and overall performance. This one is from the AMF era. Factory installed quiver inserts. Great looking and performing recurve. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing on the limbs. There is a short stress line between the grip and arrow shelf (see pic). A few minor scratches and nicks here and there. Decals are in excellent condition. The only flaw with this bow is the cosmetic discoloration/fading in the riser and limbs. Overall, this is a really nice bow in excellent condition for its age.
