

**CHILDREN'S CHRISTMAS SERVICES/PROGRAMS FOR YOUNG CHILDREN
(www.childrenandthechurchpublishing.com)**

Adele Bluhm, a retired Lutheran School teacher, has written Children's Christmas services/programs specifically for early childhood, preschools and day cares. These programs are short but contain the real message of Christmas. They are interactive between a leader and young children and involve repetition, finger plays, and suggestions of possible songs. All are easy to put together. These programs might also work well for small Sunday schools.
