No prior experience is required to attend! This workshop is open to all who feel drawn to it!

Throughout his twelve years of facilitating Integrated Energy Therapy® sessions, internationally published author Stevan J. Thayer had many angels join with him and offered their healing gifts. He came to understand that these angels each brought a unique gift of healing and are delighted to be invited to offer you their healing gifts.

Stevan has documented his work with these healing angels in a new book entitled *The Healing Angels of the Energy Field*. This book identifies one healing angel for each area of the human energy anatomy. It contains special prayers to invite each of these healing angels to work with you. It also provides a wonderful channeled message from each healing angel.

You can call upon these healing angels whenever you need healing support. If you support others in their self-healing through energy therapies like Integrated Energy Therapy, Reiki, Therapeutic Touch, Healing Touch, Massage or other techniques, the Healing Angels can add a special spiritual dimension to your sessions.

This course will enable you to join together with other students and work as a team meeting and working with the Healing Angels. You will learn how to call upon the healing angels with a special prayer of invitation. You will then learn how to use an angelic heartlink to connect with the angels' energy. You will discover the special healing gifts that each angel brings and you will invite each of the healing angels to support you in your physical, emotional, mental and spiritual healing journey.

Make the Healing Angels part of your healing journey today!
