

LAKWOOD FOREST FUND, INC.
CANDIDATE BIOGRAPHIES FOR 2022 ELECTION OF TRUSTEES

Boe Bowen (incumbent)

My name is Boe Bowen, and my family and I have been residents of Lakewood Forest since 2010.

I have served on the board since 2015 and I continue to have a keen interest in maintaining Lakewood Forest subdivision as a safe, family oriented and friendly neighborhood for all to enjoy.

In 2022, I would like to continue to see the board operate in a fiduciary capacity and ensure that infrastructure repairs are being made in accordance with the reserve study.

I appreciate your vote and continued support to allow me to participate in future beautification efforts and to assure that continued routine maintenance is being performed on an ongoing and consistent basis.

Robert W. Lewis "Bob" (incumbent)

I have been a member of the Lakewood Forest Board for the last 5-years, where I currently serve as the President. I bring a unique perspective as a Commercial and Residential Realtor. I will work to keep Lakewood Forest as one of the safest neighborhoods in North West Houston. Neighborhood beautification will continue to remain a priority. Finally, I will, along with the Board, maintain fiscal responsibility. I would appreciate your vote; thank you.

Sandy Matto (incumbent)

My name is Sandy Matto and I have lived in Lakewood Forest since 2009. I have volunteered most of my life and love to be of service to my community. I was a stay at home mom until my children were in high school and then served as vice president for a mortgage company until we moved to Lakewood Forest.

I joined the LWF Civic Association in 2010 and volunteered on that Board until 2018. I have been a Lakewood Forest Board Trustee since 2015 and am the current Community Events / Outreach Chairman. It is an honor and privilege to bring fun, family oriented events to our beautiful neighborhood and contribute to entities that enrich the lives of our residents. I love my neighborhood and serving all our residents.

I would love to see a continuation of beautification of our lovely neighborhood in 2022 as we all moved to this forest community for it's beauty.
