

## **2018 WORLD FINALS**

Oct. 2nd - 5th is just around the corner.... and World Finals is happening! No matter the number of entrants, SCTA and BNI officials have decided to host the event. Weather has been kind, salt conditions pretty near perfect, and we would love to see more pre-registrations for this epic salt event.

The current salt report from racers and SCTA officials attending the USFRA meet? The surface is so dry, smooth and hard that it doesn't stick to your tires. Record speeds are being set and the Vesco Turbinator ran just shy of 500 mph.

World Finals will have Bob Dalton and Flashpoint, George Poteet and Speed Demon, Fast Freddy Dannenfelzer and others competing to set the fastest wheel driven car record on the salt.

All we're missing is you! Mail your entry along with \$500 by Sept 21st and you too can be racing at World Finals. Last minute? You can scan, email or fax your entry in too! Entry fee on the salt will be \$700, so get registered today.

We'll see you on the salt for World Finals 2018... it's about time!

Bill Lattin  
BNI Chairman

Pat McDowell  
SCTA President
