

SURREY SERVICES FOR UNDER-18s

These services are delivered by NAS Professional Services

NAS Children's Clubs and Youth Clubs in Surrey are run by NAS professionals from the NAS Resource Centre in Godalming. Clubs are open to all children and young people with autism and Asperger syndrome who live in Surrey. They run in term-time only.

The clubs offer a wide variety of fun activities in a safe, structured and autism-friendly environment and are all about having a good time. Everyone gets time to meet new friends, learn and play. The clubs aim to help children and young people to grow and develop their communication and social skills, become more independent, develop their confidence and boost self-esteem.

In order to apply for a place for their child, parents need to complete a self-referral application form available from SEResourceCentres@nas.org.uk or Tel: 01483 521 743

All activities cost £5 per session (£2.50 for families on income support or for second siblings).
