

VOLUME 19 No.1

HAGUE, NY 12836

JANUARY 1990

HAGUE VOLUNTEER FIRE DEPARTMENT

The Hague Volunteer Fire Department is always in need of dedicated personnel. State/regional training for Hague residents is now taking place as follows:

EMT (Emergency Medical Technician) Course, at Warren County Municipal Center on Mondays and Thursdays, starting January 18, continuing until the end of May. Course to be given in the mornings from 9AM - 12 noon or in the evenings from 7PM - 10PM.

EMT Course at North Country Community College in Ticonderoga. Starts January 29 until the end of June, Mondays and Thursdays from 7PM - 10PM.

FIRST RESPONDERS Course at NCCC starts January 29 through March 19. Mondays and Thursdays 7PM - 10PM.

These free courses are to train First Responders and Emergency Medical Technicians. We are continually growing to meet the needs and expectations of our community. Department members will welcome those who are willing to actively support this personally rewarding work protecting our community. Contact G. Boyd, 543-6111 or L. Megow, 543-6658 regarding information on registration.

HAGUE EMERGENCY SQUAD

Emergency calls for the month of December included 12 calls, clocking 589 miles and 77 1/2 patient hours. There were 4 1/2 hours of mutual aid.

HAGUE COMMUNITY CENTER DULY DEDICATED

Despite the biggest snowfall of the season during the night and early morning of December 16 which threatened to dampen the spirits of those who had worked so hard in pulling off the biggest event in Hague in years, the show did go on. Although a few who had so diligently worked on this event were snowed in and could not attend, it was deemed a huge success.

The two Dicks (Bolton and Frasier) were in their glory and well they should have been. Workmen were still putting on some near finishing touches in the lobby while the decorating and mopping up committee waited patiently for them to pick up their tools and leave, which they finally did about an hour before the ribbon cutting ceremony was scheduled to take place.

A huge beautifully decorated tree was the focus of attention in the large meeting room. Ornaments from local residents, many of which were hand-made added a nostalgic touch to the decor. Displays from all the local organizations (including this newspaper) drew a lot of attention from the visitors. The biggest display of cookies and sandwiches that I have ever seen was soon devoured. These were also donated by local residents.

A number of dignitaries from the surrounding communities were on hand to congratulate the town and its board members. To top it off Santa Claus made a visit to the children who were present.

It has been estimated that approximately 250 guests were in attendance at some time between 3 and 8PM, in spite of the bitter cold weather and snow.

Chairman Georgina Lindquist and her committee of volunteers from all the organizations in the community, are to be congratulated for their efforts.

Supervisor Bolton informs us that the Town Center should be ready for occupancy within another week. Already Nancy Trombley, Town Clerk, is holding forth in a temporary office there, collecting taxes, and the Senior Citizens are planning their next meeting, January 23 in the Community Center.

If you haven't had the opportunity to see the new center, please feel free to visit. You will be surprised what a small town can do when they put their heads together and dream - and work!

HAM AND SALMON DINNER sponsored by the ladies of the Hague Baptist Church, Friday, February 9 from 5-7PM in the church annex. Snow date, Sat. Feb. 10.

\$5.00-adults; \$2.50-children 6-12; children under 5-free.

POOR DEER!

What do you do if you hit a deer? If you are a person like this publisher, you will want to go in hiding!

On January 4 while I was driving to the Planning Board meeting, a deer jumped from the side of the road striking my car. I thought as fast as my little old brain would think and braked and swerved to the left, but it was too late. The deer had already hit and all I remember seeing was her head and body through my right door window. I stopped at the first house, (the Richard Dunklees) which was only a few feet down the road, to use their phone. My first thought was to call the Town Hall, where I knew I would find John Breitenbach, Jr. and ask him what to do. He told me he would call the DEC for me. My second thought was wondering what I had done to the poor animal. Was it only hurt? Was it lying in the road which could cause an accident? Had it wandered back into the woods to suffer? There was no way I could handle that situation! I proceeded to my meeting and during the course of the evening Mrs. Dunklee called to say that someone had dragged it off to the side of the road and wondered if it would be o.k. for them (the Dunklees) to take it to their house. I had already assured her that I did not want to keep the deer and that I would be very happy for them to have it if it was o.k.'d by the game warden.

I called her the next morning and she said the game warden had been there, tagged the deer and they would take care of it.

I'm still in mourning and so is my car!...djh

WE GET LETTERS

from Mr. George Sanford to Mr. Donald W. Read, regarding the Lake George Association Nov. newsletter.

"Impossible!! Incredible!!

"I can't believe what I just read!!

"Stop me if I am wrong. You say:

"1. The Lake George School Board 'doesn't care' if the construction site of the new gymnasium causes severe lake pollution.

"2. The LG Park Comm. ignores the recommendations of its own management technical group.

"3. The LGPC severely erodes its credibility by granting a variance to their moratorium that seems highly inappropri'thumbs its nose' at the LGA.

"5. The LGA and the LGPC, both of whom we all have supported and respected for their partnership in protecting the lake, are now litigants.

"6. The LGPC, our watchdog, seems bent on formulating rules to lean on the little guy but will be running the other way from the heavy hitters such as school boards, municipalities and state agencies.

"Please, someone, tell me it's not true!!!

Ed: We would like to hear the answer to this.

And from Gary Palmatier, Pleasanton, Ca. we hear

"..... As I've told you in previous communications, Lake George plays a large, very large part in my, well... unconscious. I swim into cold clear water to calm my battered nerves. I gaze at the sun-dappled water and smell the early morning breeze to relieve a headache or to put myself to sleep after a stressful day. All this from California. I haven't physically seen, felt, smelled, heard or tasted the lake in over three years, but mentally I was there moments ago, thanks to the Chronicle.

"Stay in touch." /s/ Gary Palmatier, Pleasanton, CA

CUB SCOUT PACK 21 NEWS

The Scouts and leaders of Pack 21 would like to thank all who donated to and all who have helped with the bottle and can drive around Hague. Special thanks to Kay and Walt Wells for the use of their garage! As of January 8 we have redeemed bottles and cans for \$283.45! To wind up the drive we will make last pick-ups on Saturday, January 20 and Sunday, January 21. Those who have been saving bottles and cans for the Scouts please call 543-6590 or 543-6007 for pick up.

Thanks also goes to American Legion Post 1538 in Hague, Fred Sharpe, Aaron Middleton, Mary Beadnell, Herb & Nell Belknap, Steve Palmer and Gladys Fuller for their generous contributions.

The bottle money and donations will be used to purchase caps, neckerchiefs and slides and pack insignia for the Scouts. These will be presented at our first pack meeting, which will be held at the Community Center sometime in the near future. We will announce the date and time as soon as possible.

The Cubs are all enthusiastic at their den meetings. We hope the "Akelas" at home are aware of their work and are encouraging them to learn and achieve their badges.

Not to be forgotten, special recognition goes to Debbie Girard, assistant Webelos leader, for helping guide our oldest Cubs (and Perry)...KC

You can't win. If you run after money, you're materialistic. If you don't get it you're a loser. If you get it and keep it, you're a miser. If you don't try to get it, you lack ambition. If you get it and spend it you're a spendthrift. If you still have it after a lifetime of work, you're a fool who never got any fun out of life.

TOWN BOARD MEETINGS

Two guests were present at the Hague Town Board meeting held on December 13, 1989.

Mark Loreno of Cable TV explained the company's new plans and new cable line electronics. By now all subscribers should have received a mailer explaining the new plans and the new rates.

Ann Gregor from North Country Life Flight spoke enthusiastically about this rescue unit that will benefit us all. The group needs funding (almost all are volunteers) and Miss Gregor's mission was to let us know how the money would be used and to ask for a yearly commitment of funds from each of the 64 communities involved. They will also accept individual donations. If you are interested the address is: North Country Life Flight, P.O. Box 994, Saranac Lake, NY 12983. Telephone (518) 891-4141 - Ext. 307.

Frank Fowler, a member of the Zoning Board of Appeals resigned. Resignation was accepted with regret.

William Dutcher of the Wind Surfing Organization has again requested use of the beach on June 30-July 1. Since a few problems arose last year Dick Frasier would like a personal appearance by Mr. Dutcher to answer some questions and would like us to set some rules if permission is granted.

On December 4 Guy Roemer and Supervisor Bolton presented a report to the State Board of Equalization and Assessment in Albany at which they cited many comparables between Hague and Ticonderoga that seemed out of line. A great deal of this work has been researched by Allison Craig and Bolton commented on how much the town owes her for this volunteer effort.

In new business: Spear Johnson has been appointed to the Board of Assessment Review. The board is now complete with five members.

Resolution #42 was passed moving money (\$950) from one code to another.

Policies for the new community center are under consideration.

TOWN BOARD - December 28, 1989 The annual audit meeting was held by the town board on Dec. 28, 1989 to close the books for 1989. Records from Town Justice and Supervisor (subject to audit) were accepted.

Resolutions were passed allocating funds in the

various community organizations as the town does each year and amending Employees' Guide.

A hearing in Albany on the school tax problem was attended and information filed with Dept. of Equalization and Assessment. A new approach was recommended by Alison Craig concerning another school district in the state who had solved a similar problem.

A solution is being sought for a freezing compacter problem.

Resolution #48-1989 was passed re: plaque and thanks to Mary Alice Scriptor for her years of dedication as town clerk. A purse of \$600 was included, this from collected donations.

Supervisor Bolton was to be sworn in as Chairman of Warren County Supervisors at a meeting of the Board of Supervisors at the Warren County Municipal Center at 10:30AM January 3, 1990.

TOWN BOARD - January 2, 1990 - Organizational Meeting Sworn in was Town Justice Ken Yaw. Justice Yaw then heard the oaths of Supervisor Bolton, Councilman Frasier, Superintendent of Highways Belden and Town Clerk Trombley. Councilman Braisted and Assessor Clinton Frasier will be sworn in at a later date.

Listed separately are appointments, committee assignments and Special Committee Assignments.

Supervisor Bolton then listed the year's accomplishments which included the near completion of our new Community Center, the school tax problem and possible solutions, hiring of full time Zoning Administrator among others. Goals for 1990 include study of waste treatment plant; landfill closure, building recycling center; committee for rules and regulations for new Community Center; adopting policy for contractors using landfill and adopting and enforcing substance abuse policy.

A special January 25, 1990 meeting at 6:30PM is scheduled for bid openings for re-advertised backhoe/tractor.

TOWN BOARD - JANUARY 9, 1990 This was the first town board meeting of the year. A.P.A. informed the town that a \$5,000 grant had been awarded Hague for use in proposed municipal planning.

Cablevision's letter from Mark Marino, general manager. He updated information on developments with cable. Very soon all problems should be worked out. Be patient! (Cont. on p.4)

TOWN BOARD (Cont.)

Various requests to community groups were made (such as: use of highway crew for help with Winter Carnival) and all received approval.

Committee reports: It was announced all February meetings can be held in the Community Center. It was also announced that NO vehicles may drive across the park or beach and the ramp has been blocked off.

All information on the school tax investigation has been filed and we are waiting a reply.

In unfinished business: The rules for installation of culverts are still being discussed.

New business: includes change in elderly exemption scale for Hague residents. May be checked in assessor's office.

Petty cash funds (2, for \$25 each) were approved for the town clerk.

Bill Dutcher, Windsurfing Assoc. was given authorization to use the beach on June 23 for surfing competition. Beach and park regulations will be forwarded to him before the event. . . g]

ZONING BOARD OF APPEALS - DECEMBER 21, 1989

The first item on the agenda for the ZBA at its Dec. 21 meeting concerned the appeal of Zoning Administrator's decision 61-1-8 by John Caffry, representing neighbors of the Northern Lake George Resort. The attorney listed five specific points he wanted them to consider. After discussion each of the five items was voted upon separately. (Mr. Belden of the Board abstained and Mr. Martucci (N.L.G.R.), also a board member, was not sitting with board during this discussion.) Five members remained to vote and in each of the five items voted unanimously against the appeal.

In the only other item for that evening was a request from Mr. Soliday to erect a 6ft. fence between his property and his neighbor's. There were no objections from the audience and a letter from the neighbor said he would find no problem with a fence. No decision was made. . . g]

TOWN OF HAGUE PLANNING BOARD

The December 7 meeting was not reported in December's Hague Chronicle due to the early publication. Site Review Committee reported on its findings for the Green Island Associates project in Silver Bay. The Board discussed the areas of concern

regarding this project. It was noted that the Warren County Planning Board will need to review this proposal and that application for a Class A Marine permit has been made to the Lake George Park Commission. The S.E.Q.R. process is also being conducted with the Town of Hague acting as lead agency.

Chairperson Laundree made a motion to deny the project because it falls within the designated residential TR 1 zone and the proposal does not meet Hague's dock regulations. All members voted in favor of the motion.

Mr. John K. Carney was granted conceptual approval for a subdivision.

An area variance for a 6ft fence for Mr. Soliday, was recommended for approval to the ZBA.

PLANNING BOARD - January 4, 1990 - Meeting opened at 7:32pm. Minutes of previous meeting were approved with minor corrections. Mr. Lindquist made his report on the site plan review committee's visits to: 1. Scott Patchett's property located at the corner of New Hague and West Hague Rds. Mr. Patchett has filed an application for the construction of a multiple family dwelling on this site which, in addition to Planning Board approval, also requires A.P.A. approval. A public hearing was scheduled for February 1 at 7PM. 2. Jeff Little's application to construct rental units on property located on the north corner of Ft. 8 and West Hague Rd. Mr. Little's proposal was to replace 8 travel-trailer sites and 2 motel units with 5 year-round housekeeping units. The land is located in a zoning district that requires 2.9 acres per principal building. The total acreage, according to the tax map, is 1.7+ acres. Under our revised Section 9.020 covering Conversion of Certain Existing Uses, it was pointed out that:

"Tourist accommodations, rental cottages and group camps, permanently affixed to the land and existing on May 22, 1973, the date of adoption of the Adirondack Park Land Use and Development Plan, and existing as of the date of this Ordinance shall be allowed to be converted from their previous use to individual single family residence use, notwithstanding the fact that such structures, as converted, do not conform to the provisions of this Ordinance or the Shoreline Restrictions...(B) (i) SUCH CONVERSION SHALL ONLY BE ALLOWED BY THE OWNER OF RECORD AS OF THE DATE OF THIS ORDINANCE...." (Emphasis added). The above quote is from our ordinance as amended and adopted by the Town of Hague on June 13, 1989 and approved by the APA on July 21, 1989.

WILLY C'S DEC '89/JAN '90 WEATHER NOTES

December 1st was definitely the start of winter here in the north basin of Lake George. It was cold, but then it was cold everywhere. The folks in the lower Rio Grande, Florida, Georgia, etc would be more than happy to tell us about cold. Yes, the coldest Dec. since weather records have been kept. The lake froze over the night of the 22d/23d, the earliest date since our source of recorded records, which goes back to 1901. The temperature never rose above the freezing mark until the final day of 1989 when it hit 38°, the highest for the month. Our low, lakeside was -8° on the 27th. Up in the mountains it was in the -30's. We now have a new mountain top observatory. It won't record temperatures as low as our former location, but it will still give us interesting temperature differentials between the two elevations. Precipitation was light for the month. On the night of the 15th & 16th we had 5" of snow. With the low temperatures that we had, it was as light as a feather. We had traces of 1" or less on several other days plus the 3" reported on the 2d, but all in all not much. In total it probably equated to .75" of precipitation. The final day of the month was dark and gray with rain and freezing rain dampening New Year's Eve. December was a windy month. Two days over 40 MPH, three days in the 30's, five in the 20's ten days 15-19 MPH, six days 10-14 MPH, one day under 10 MPH and the balance of four, calm. We lost a net of 13 min. of daylight for the month. On the morning of Dec. 20th, just two and one half days before freeze over, I observed forty plus Canadian geese southbound. I guess they had had enough.

January 1990 has been quite the opposite of Dec. Every day the temperature has broken above the freezing mark, with three days in the 40's. Nights have been correspondingly warm to the point, where at the end of Dec. temperatures were running 15+% colder than normal for the season and now on the 12th day of Jan. we have warmed up to only 5% below normal. Quite a change in just 12 days. Ice conditions, up until the 9th, have been magnificent for ice boaters and ice skaters and I viewed one of each over this period. Ice fishermen, of course, abound. The lack of snow cover and cold has produced good expansion in terms of pressure ridges and ice flows up on the shore. Occurring simultaneously with this activity are the wonderful percussion sounds that are an integral part of the ice phenomenon. What exciting sounds they are. As we conclude these notes our weather should be moving back to a normal pattern,

with a turn towards cold, blustery conditions on the 13th and seasonal temperatures for the next several days. If this has been our Jan. thaw, it has been welcome and has had no adverse effect. It will be interesting to see what the balance of the month produces. Stay tuned.

MOSES LUDINGTON HOSPITAL RECEIVES GRANT

MLH has received notification that its application for the NYS Dept. of Health's Rural Health Services Diversification Program has received approval for \$180,000.00 for renovation, construction and equipment for the ten bed inpatient psychiatric unit.

Renovations to adapt part of the medical/surgical unit were started mid November. The hospital is expecting to open the unit in late February.

LAKE GEORGE PARK COMMISSION Advisory Committee on Recreational Uses of Lake George will meet at 2PM Wednesday, Jan. 17, 1990 at the Lake George Town Center, Old Post Road, Lake George, NY. This meeting is open to the public and all interested parties are invited to attend.

CORNELL COOPERATIVE EXTENSION OF WARREN COUNTY will conduct a 4-H Environmental Awareness Winter Weekend for 14-18 year old youth on Feb. 24 and 25 at 4-H Camp Sacandaga. The program is open to any Warren County youngster, at no cost although a returnable deposit is required to hold reservation space. The deposit will be returned in full to participants after the trip. Activities during the weekend include nature hikes, snowshoeing, a visit to a deer yard, ice fishing, winter woods lore and safety. Participants stay in the heated Seabee Lodge. Car pooling assistance to the camp in Speculator is available.

The trips are well chaperoned, and led by an experienced NYS licensed guide.

For more information, or to pre-register, contact the Cornell Cooperative Extension Office, Warrensburg (Phone: 623-3291, 668-4881, or long distance only 1-800-446-5572) before February 9.

WHAT SHALL WE DO WITH THE OLD TOWN HALL?

The Town Board is open to suggestions from the residents of Hague. If you have any good (and feasible) ideas, please tell one of the board members (preferably in writing). All suggestions will be given their careful consideration.

HAGUE WINTER CARNIVAL: JUST AROUND THE CORNER
FEBRUARY 15 - 18

The Winter Carnival Committee is scurrying around again, putting all the details of the 25TH ANNUAL CARNIVAL together for 1990. The ad flyer is in production, and will appear in the Times of Ti the week of February 12th. Extra copies may be available as early as January 29, with full details of the schedule of events included.

Changes? One or two: The chainsaw and crosscut saw competition will be held Sunday instead of Saturday, this year. The Queen Pageant will be held at the Community Center on Thursday, February 15. Other evening fare will be held at the Fish and Game Club, including the clown show and youth dance on Friday night, and the dinner dance on Saturday.

We hope to expand on the fledgling ice volleyball tournament and snowtube races, so dig out your steady boots and snowtubes and join in on Saturday afternoon at North Pond.

Kids games will be held again at the park on Saturday morning.

One of our goals is to raise more money for the Beste Scholarship Fund, and bring it to a point where we can award scholarships from interest earnings and leave the capital alone to ensure the long-term viability of the fund. So, this may be a good time for anyone to make a donation to the fund. This year's recipients will be honored at the dinner dance on Saturday, February 17. Tickets will be available from Marion Frasier and at the Silver Bay General Store.

Volunteers are always needed on Carnival weekend, including flaggers, timers, go-fers, etc., so contact Dan Belden or Kathy Santanello if you have some free time to give on Saturday or Sunday.

We look forward to seeing lots of people this year to help celebrate our SILVER ANNIVERSARY.

Let it snow, let it snow, let it snow... KS

"THE GREAT PENCIL CONTEST FOR SUMMER '90"

The Ticonderoga Heritage Museum Board of Trustees is sponsoring an exciting event which they invite all area people to participate in.

1. Purpose: a) to promote our Summer '90 "Paper and Pencil Festival". b) to invite members of the community to become involved and c) to find unusual items for our new "Paper and Pencil" exhibit.

2. Rules: Contestants are asked to submit items in any or all of the following categories: a. oldest pencil; b. most unusual pencil; c. oldest eraser; d. most unusual eraser; e. oldest pencil sharpener; f. most unusual pencil sharpener; g. most interesting/unusual pencil collection.

Contestants may submit up to three (3) items in each category. A registration form must be submitted with each entry. Anyone, including those associated with the Museum may take part in the contest. A panel of judges (community members) will select the winners. Winners will have their items displayed in the "Paper and Pencil" exhibit for summer '90 and will receive special recognition.

3. Timetable: The contest will run from January 2, 1990 until March 30, 1990. Registration forms will be available by January 2.

4. Promotion: The contest will be promoted in Ticonderoga and areas from Glens Falls to Plattsburgh through media releases, photos of unusual entries, etc. A window display in a local store will feature some of the entries, as well.

WE INVITE YOU TO PARTICIPATE AND ENCOURAGE OTHERS TO, ALSO!

In Life, we weep at the thought of death; perhaps in death, we will weep at the thought of life.

LOCAL BOATS FEATURED IN MAGAZINE ARTICLE

In the most recent issue of Nautical Quarterly (Number 48, Winter 1989), one of the feature articles about the Fay & Bowen Engine Co. and titled "The Engine Company Remembered for its Boats", shows many local Lake George Fay & Bowens in its photographs. The cover is graced by "Aida II" owned by Barbara and Bill Smith of Hague and is also shown again with the article. Silver Bay resident Jack Carney has several photos of his "Golden Arrow", as does Judy Larter, accompanied by daughter Jenny, in "Duchess."

The other boats shown were "Cocktail Betty", "Cygnet", and "Askenonta"---all from Lake Placid. The photography was by noted marine photographer Benjamin Mendlowitz.

TICONDEROGA HIGH HONOR ROLL

The following students from Hague have been listed on the Ticonderoga High School Honor Roll for the second marking period:

HIGH HONORS: Richard Belden, Treva Braisted, Lisa Cobb, Tony DeFranco, Carolyn Dykstra, Elizabeth DeFranco.

SECOND HONORS: Richard Cobb, Tleah Gautreau, Chrls Kuzianik, Michelle Waters. Congratulations to all of you!

DEC. '89

A special thanks to snow men all,
Who kept us moving merrily
To shop & party, skate & ski
Thru snow & cold and, verily,
Were there when needed night & day
With salt and sand & cheerful ways.
