To: All District Directors in the North Central Texas Association of Soil and Water Conservation Districts

Dear Conservationist:

The North Central Texas Association of Soil and Water Conservation Districts will meet on **Thursday, October 18, 2018. The meeting will be held at Rudy's Bar B Que. The facility is located at 520 South Interstate 35 E, Denton, Texas 76205.** Registration will begin at **9:00 AM. Cost of registration will be \$20.00.** At 10:00 AM, we will see a demonstration of the Zone 5 Rainfall simulator. If you have never had a chance to see this demonstration you will see some eye opening things that will challenge how we look at different cultural practices on our farms and ranches. After that TSSWCB staff Steve Bednarz, Mitch Conine, and Lee Munz will update us on the TSSWCB's flood control program. We will then have lunch at Rudy's. The meal will include brisket, sausage, and turkey with all the trimmings. In order to have an accurate head count for the meal and tour, **Please, RSVP no later than October 12, 2018.** You may RSVP by calling Charlie Upchurch at **254-216-1473** or leaving him an e-mail at: **(cupchurch@tsswcb.texas.gov)**. We have also invited the following people to come and give us up-to-date information concerning Area, State, and National conservation activities:

Barry Mahler, Vice President, TSSWCB, Iowa Park
Jule Richmond, Member, South Central Region NACD, Blanket
J.C. Mathews, Director, ATSWCDs, Woodson
Laura Broyles, Area V Assistant State Conservationist, NRCS, Weatherford

After the reports we will have a short business meeting. Also it may be good to note that J. Pete Laney and Todd Kercheval of TCAWs have been invited to bring us up to date on current activities, and answer any questions you may have.

If you have any questions regarding the meeting or the program that follows please feel free to contact Charlie Upchurch at 254-216-1473.

Please feel free to invite your legislative officials to attend. We look forward to seeing you in Midlothian on **October 18, 2018.**
