

TIYAMIKE MULUNGU CENTER TRUST

With hearts full and not a small amount of home sickness Pam and I (in Red Deer Alberta) along with Mary who is holding the home-fort in Bangula, Malawi, so well. We enclose many hugs topped with love overflowing to you all in and thru you out to others... Another year has passed so quickly and there have been good changes at TMCT. Many thanks to Generational Hope Church and our friends there in Maple Valley, WA (who have prayed, cared and supported us for our living costs for 16 years) and our partners Brad and Kevin and their team-mates in Australia. Due to their help with operating costs >>

Since 2003 - Our Goal- "Children's lives being made whole thru family love"

>> encouragements and advice and as well as many of you, (family and friends) so faithful to hearing and doing... because of you we have been able to make some of the needed school renovations and also the separate family settings for the children. We have as well implemented regular Monday staff meetings with each person in each department attending. Our Wednesday night worship with the children has continued and there have been beautiful times. Many thanks for prayers for our 4 month old grandson who has just had successful heart surgery and Will's heart something good very good ... tests are all great!! A bit of a Holy Spirit ambush with amazing results as I now have Alberta health care and looking good for Pam too!! His timing and his way. What a wonderful Father we have !!!!

Dear friends, lets celebrate Jesus, the light to this dark world, desiring all to come and having experienced (without sin) all we have ever done or experienced, betrayal, abandonment, mockery, misunderstood, slander, beatings and crucified and yet he forgives and loves us.. and waits as Holy Spirit moves in our lives to make us the bride our Lord and God well deserves and all to the pleasure of our good, good Father. Merry Christmas!!!
