*Join together to help save lives.*

## **HELP WANTED – Community Volunteers**

### **BLOOD DRIVE VOLUNTEERS ARE VITAL TO THE COMMUNITY BLOOD DRIVES**

So far in 2021 the Abilene Community blood drives held at St. Andrew's Church have collected 331 units of blood. Without our volunteer donors and volunteer groups this would not be possible. A HUGE Thank You to those groups.

**The Abilene Community Blood Drive is currently needing more volunteers to help with the blood drives that take place six times a year.**

When volunteers help at a blood drive, they join the American Red Cross family and become part of something much bigger than themselves and are a direct connection to their community. Through the volunteer's efforts, the community blood donors will continue to save patients' lives. This could be as little as one hour, or two, or four hours per blood drive. Ideally, we would like to have 4-6 volunteers who would then work together each time, or even every-other blood drive. We provide the tools and resources and work with them closely to operate a successful blood drive. It is a commitment to help meet the needs of seriously ill or injured patients, while serving your very own community.

*If you are interested in becoming part of the volunteer team for the Abilene Community Blood Drive, please contact Teri in Salina at 316-558-7351.*
